*Living* “**F**or yesterday is but a dream  
and tomorrow is only a vision  
but today well lived makes  
yesterday a dream of happi-  
ness and every tomorrow a vision of  
hope.”

Yesterdays, today's, and tomorrow's all  
form a continuous cycle of living. It's  
important that the present moment is

well lived so that students at GLHS will have happy memories of their "yesterdays" at high school and dreams for their "tomorrows" in the world. By getting involved in athletics and clubs, students had the chance to make memories and dream of the future. Besides being educated, the activity of an average school day provided time for students to find friends and dream their dreams.

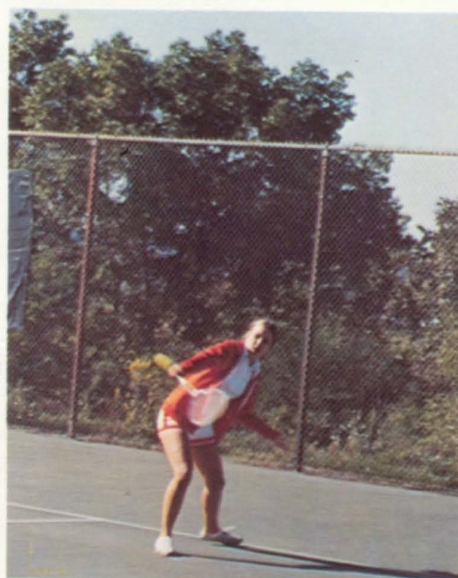

*Deciding* “C hampion the right to be your-  
 self  
 Dare to be different  
 And to set your own pattern  
 Live your own star.”  
 After two long years at GLHS, the  
 class of '77 made it to the top ... SEN-

IORS! Every senior decided whether to go on to further schooling, find a job, or just loaf. Whatever the result, over 500 seniors decide what would be the best star for them to follow. Meanwhile seniors celebrated their final year by letting the good times roll . . .

*Challenging*

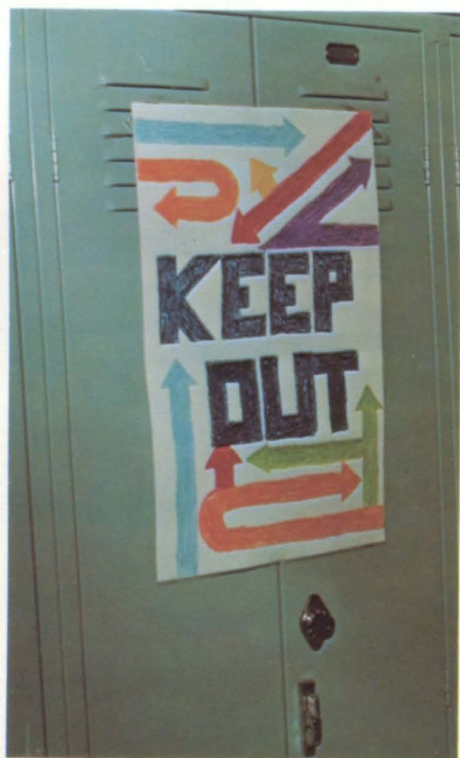

“Nothing great was ever achieved without enthusiasm.”

The challenge of athletics attracted a large number of students. Almost everyone got involved, if not as athletes, then as spectators or fans. Athletes practiced long and hard to achieve

goals and success, while cheerleaders and fans supported them by constant chants of school pride and spirit. “Nothing great was ever achieved without enthusiasm”, and thanks to enthusiasm, pride, and lots of hard practice “great things” did happen . . . VICTORIES!!

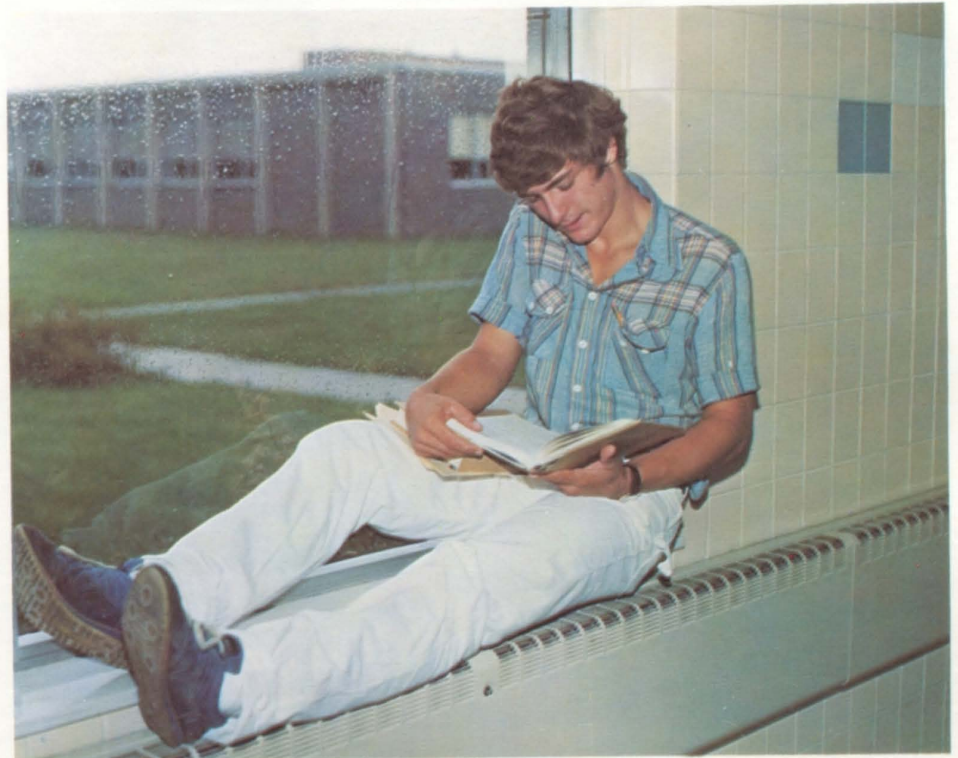

*Discovering* “All life is an experiment; the more experiments you make the better.”

Experimenting and Discovering, sophomores began the school year with a great amount of curiosity. Accustomed to the “open concept” of the east wing, they found the high school totally confusing.

Juniors accepted their positions as the "middle people", by discovering and venturing into areas that were too bold for them to explore as sophomores. The first two years at GLHS are purely experimental. Discoveries made as underclassmen create bright prospects for the future.

## Inspiring

“The greatest gift one can give to another person is a deeper understanding of life and the ability to love and believe in self.”

Being a member of the faculty at GLHS involved a lot more than teaching students the main elements in an expository paragraph, typing, or basic

chemical equations.

Being a teacher involved inspirations and explanations . . . inspiring students into believing their own abilities and talents . . . explaining to interested pupils the ideals and values of others. Teachers offered the challenge of learning and to students who accepted this “gift” it was indeed a rewarding experience.

A special thanks to the Latrobe Community and Businesses who made our yearbook become a reality through their generous "gifts." Without their support it would have been impossible to gather all the memories of the school year and put them into the '77 Latrobean.

Playing an important role in the GLHS marching band were the colorguards who carried and guarded the school's colors of orange and black. The squad was divided into three sections. The silks displayed Latrobe's flags, while the rifle section guarded the colors. An American division added patriotism to the colorguard squad and to the band as a whole.

## Homecoming Weekend

Homecoming weekend highlighted the school's list of fall activities. The weekend burst forth to an early start on Thursday night with a spirit pep rally at Memorial Stadium. The cheerleading squad along with the band led fans with songs, chants, and cheers of victory and vigor, which inspired the football team to charge up for the rival game with Derry the following evening. Following the rally was the annual bonfire. Fans watched as the blazing fire consumed a Derry Area "Trojan". Colleen Miller was proclaimed this year's Homecoming Queen. Colleen reigned over the semi-formal dance which followed the crowning ceremony on Saturday evening. She was honored with a dozen red roses and a necklace as a remembrance of the event.

The National Forensics League is an active club in which the members compete in debates with other schools during the year. Mr. Seabolt is the sponsor of the club.

Four students were inducted into the French National Society in the spring of last year. Those members chosen achieved high teacher recommendations and good academic grades in French. FNHS strived to stimulate interest in the French language, customs, and history.

Spanish National Honor Society provided recognition for students accomplishing high academic standings in Spanish. The purpose of this society was to encourage interest in the Spanish language and culture.

The Latrobean Staff recaptured the memories from the school year and gathered them together in the 1977 yearbook. Students began the school year by formulating plans and gathering information. ## Latrobean Workshop

## High Post Workshop

Keeping the student body up to date and informed about school events was the major concern of the High Post staff. Reporters from the paper scan the school searching for news. Senior editors checked news, feature, and sports stories for common errors in writing. Good layout was also important in developing the school paper.

Sure takes a lot of money for one of these things. The Advertisers formed an important part of the Publications Department. Student Advertisers wandered into the Latrobe community searching for patrons to sponsor our yearbook. ## Stage Crew

The men working "behind the scenes" were none other than Mr. Harry Graham's talented Stage Crew. Besides learning many techniques for stage production, the Stage Crew created the imaginative scenes, resonant sound effects, and intense lighting that made the school's plays, assemblies, and musicals successful.

And off with your head my boy. (Steve Zaminski, Burt Riggi) Hold that right there guy, till I get some nails. (Kurt Caruso, Dennis Harcum, Tom Rushnock) Stage Crew, Front: Kurt Caruso, Dennis Harcum, Tom Rushnock, Steve Zaminski. Back: Dan Thomas, Burt Riggi, Paul Majorsky, Bob Gruss. Hurry up Paul, I'm going to pull the ladder away on the count of five. (Dan Thomas, Paul Majorsky, Bob Gruss)

"Let there be peace on earth and let it begin with me," served as the theme of the A.F.S. chapter this year. The club supported the A.F.S. students who traveled abroad to learn about the cultures of other countries. Members raised money through several fund raising activities. The big fund raising event was the annual Foods Fair where students sampled food from different parts of the world.

## AFS Exchange

*Latrobe High hosted two A.F.S. foreign exchange students this year, Francoise Robertson came to Latrobe from Thouars, France, while Glenda Melendez came from Guatemala City, Guatemala. Following are personal thoughts expressing what is meant for them to be A.F.S. students to America.*

Hi!

I want to say that I am the most happy of all the AFS'ers in the world, but I think that everybody who is living this kind of experience thinks the same. I am so happy because through my experience I am learning the real worth of things, I am living and knowing something new everyday, things that I didn't see before or things that I didn't want to see before. Anyway, I want to say, "THANKS" to everybody ... Thanks to AFS for the happiness that I am having now. Specially, thanks to my American Family because they hold

the most important place in my experience and because they are doing everything that is possible for my happiness; thanks to the school and thanks to my friends because I am moving around with them and because they give me their friendship, a friendship that is the constitution of the spiritual communication between their culture and my culture.

Thanks alot,

*Glenda Melendez*

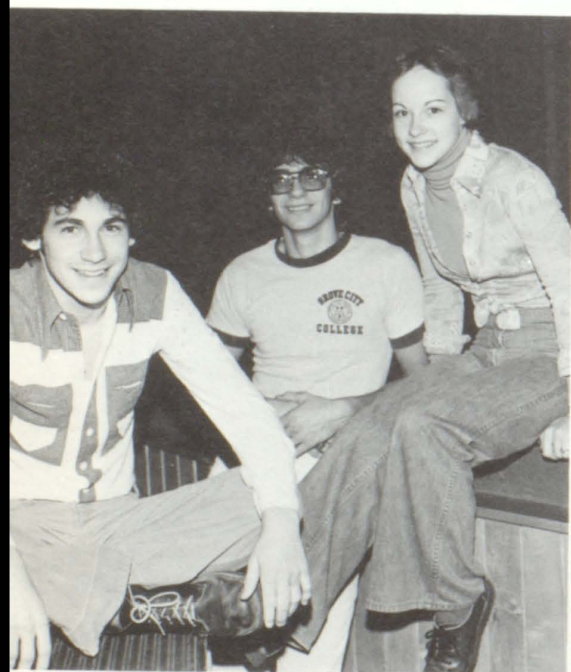

I really enjoyed my year in the United States and especially in Latrobe with my wonderful family. I met many people who were very friendly. It was interesting for me to compare the differences between the American School System and the French School System. I would like to thank all of you for making possible this experience that I will never forget.

*Hau Robertou*

## Student Council

*The Student Council strived to promote better relations between the student body, administration, and community. The Council sponsored the Homecoming Weekend, several social events, and were responsible for most of the assemblies and movies shown at the school. Better organization was achieved by establishing various committees including a social, an assembly, and a fund raising. Mr. Thomas Marshall served as advisor.*

## Choir

Students auditioning for Choir were judged primarily on individual cooperation, vocal ability, and musical talent. Members of this year's Choir included approximately 80 juniors and seniors. The Choir entertained the school and community by harmonizing at the Christmas Show, the Musical, and the Spring Fine Arts Festival. As a reward for their dedication and endurance, senior members traveled to New York in the spring to enjoy the city's musicals, plays, and famous sites.

## *All Class Play*

Students presented "Auntie Mame" as this year's All Class Play. Under the direction of Mr. James Mikula, the production was held for the public on Wednesday, November 17, and Saturday, November 20. Rehearsing long, hard hours after school proved helpful to the cast in making "Auntie Mame" a huge success.

The two act play centered around Mame Dennis, a

colorful character from the 1920's. Mame's life revolves around throwing wild, luxurious parties and getting involved in unusual predicaments. Her life changes drastically when she loses all her money on the stock market. Then "Auntie Mame" is confronted with the responsibility of her twelve year old nephew after her brother's death. The whole play is a series of ups and downs in the life of Mame Dennis.

## Musical

Latrobe High presented Cole Porter's musical *Anything Goes* on March 25 and 26. "The production is a wild toe tapping musical in which 'anything goes,'" commented Mr. James Mikula, director.

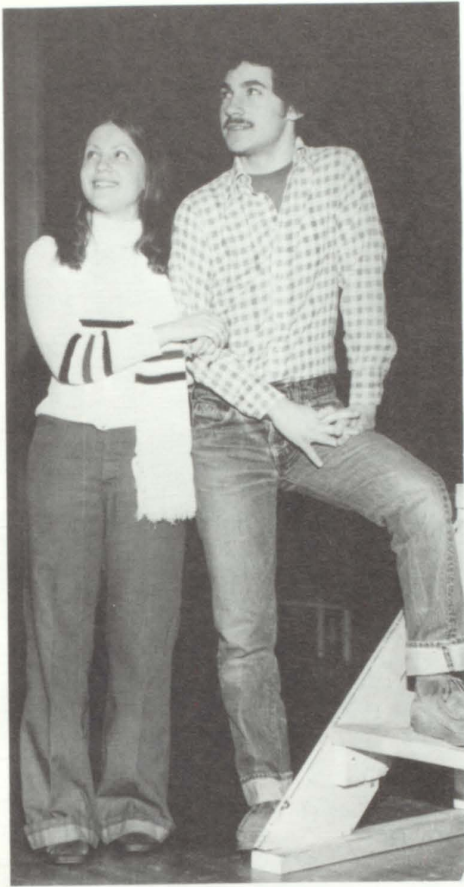

The setting for the comedy is on a ship destined for a pleasure cruise. *Anything Goes* centers around Reno Sweeney, a former Evangelist, turned big time night club entertainer. Another colorful character in

the production, Moonface, is a gangster disguised as a minister in order to conceal his true identity. The musical is a mixed up light hearted comedy with a happy ending.

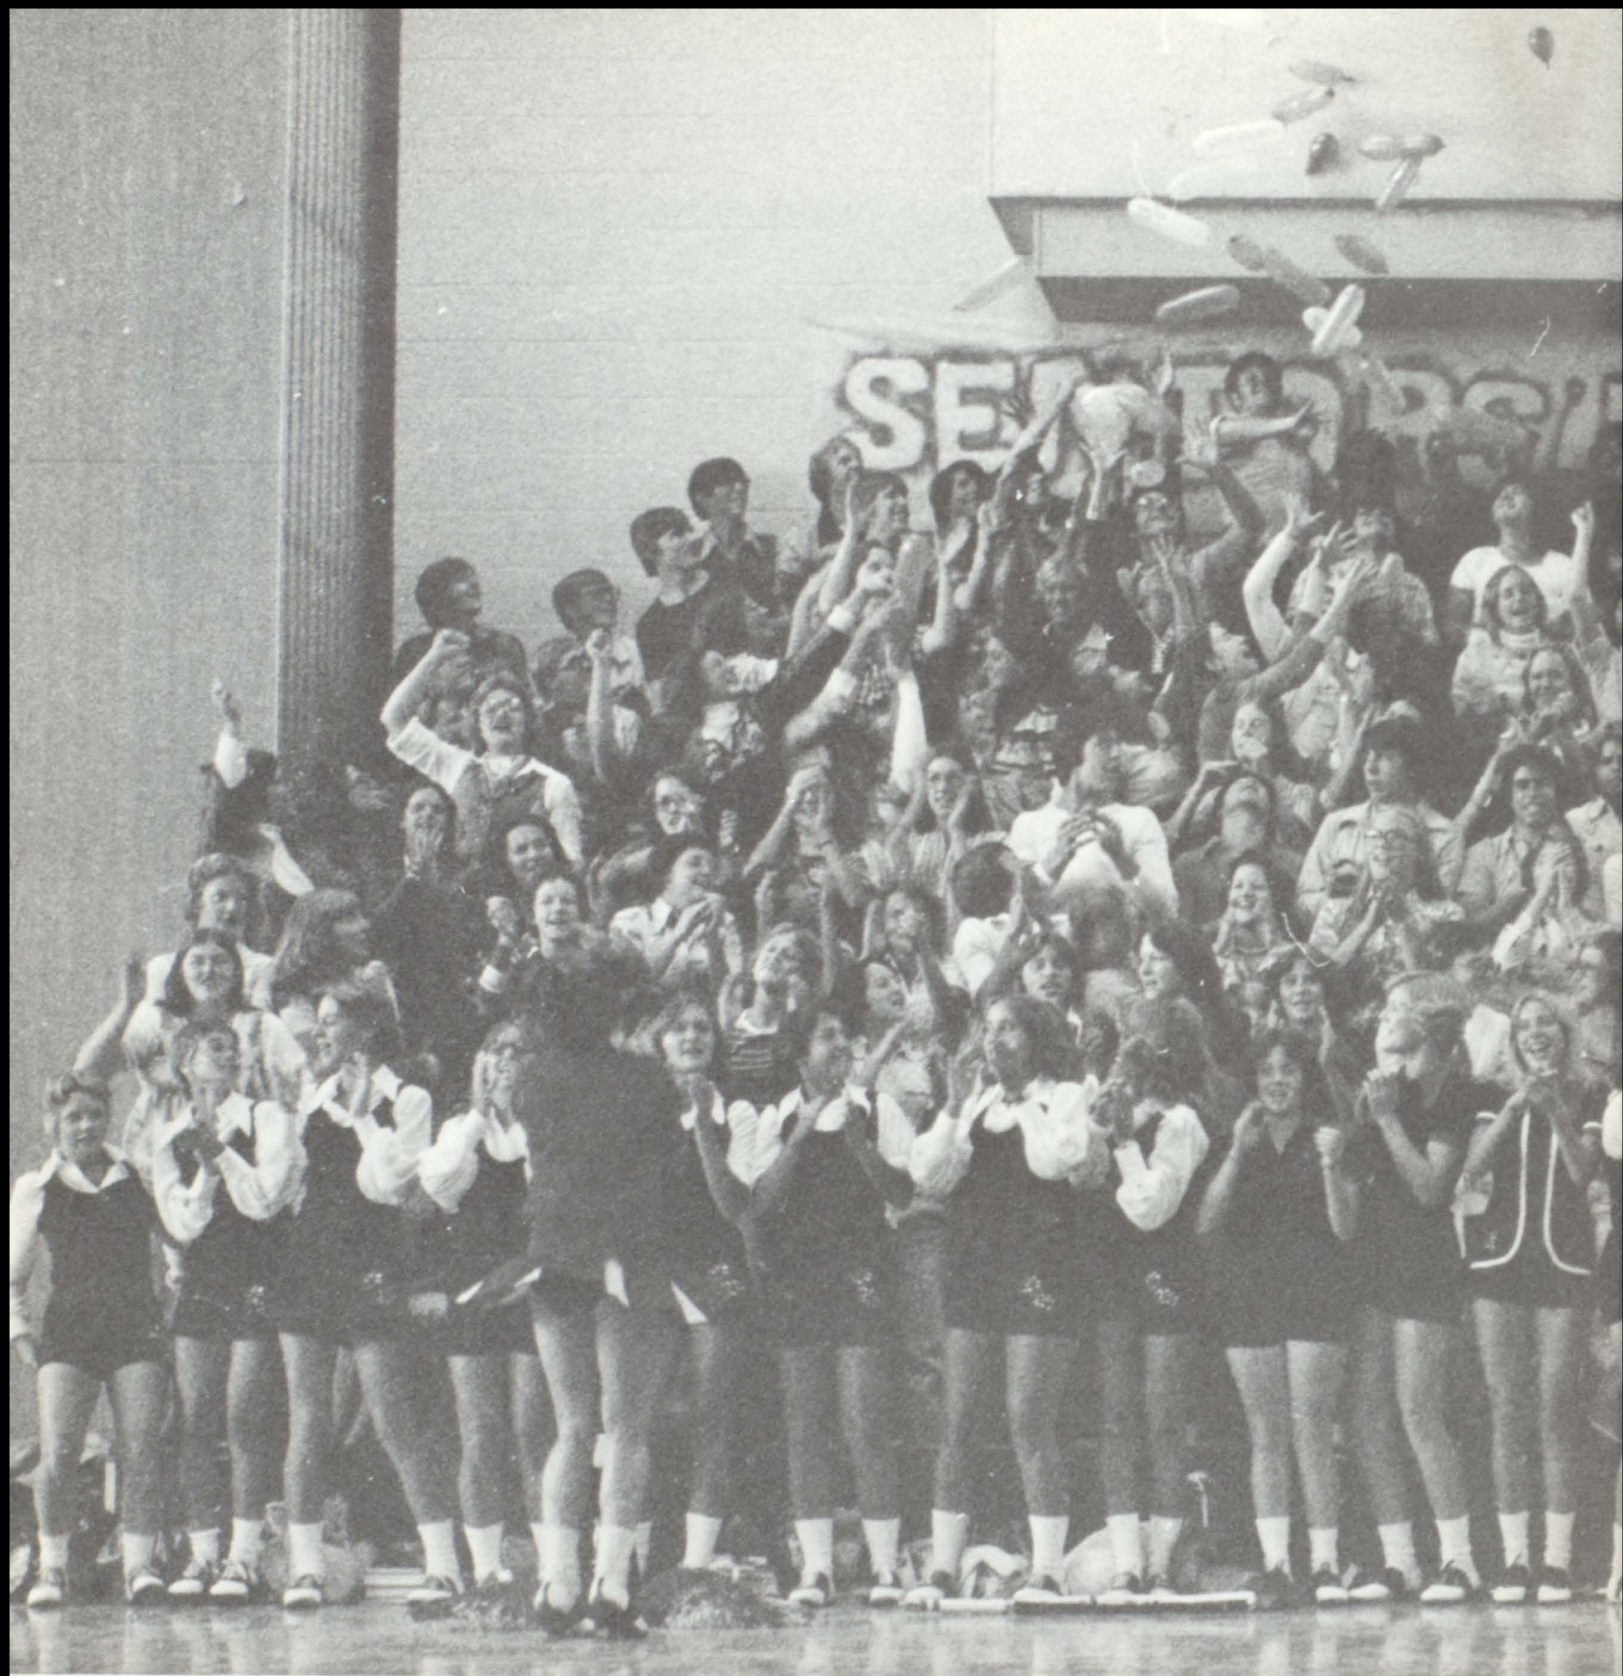

The cast received standing ovations on both nights in honor of their superior performances.

Mr. Joseph DelSordo served as musical director for the production, while Mr. James Mikula directed the acting and choreography.

### About Miss Gordon —

I'm sure, though, that I speak for the entire Greater Latrobe Schools community, and Latrobe at large, in extending deepest sympathy to the bereaved parents of Janice Gordon, who died Tuesday in an auto accident.

Miss Gordon, who would have graduated from high school on June 1, and was one of the best athletes on the GLHS girls' track team, as a high jumper, triple jumper, relay runner, "whatever I wanted her to do," said Don Lenz, her coach of five years.

An infinitely saddened and subdued Lenz wearily recalled his young athlete this morning.

"Janice was a fantastic young lady," Lenz said. "She was enthusiastic, very excited about going off to school" (she was scheduled to enter Washington and Jefferson College in the fall.) "and was looking forward to running track there."

Janice, a very mature 17-year-old, took much of the burden of coaching off Lenz. "She and Kathi Dempsey were the managers and the assistant coaches this year. They took care of the uniforms ... Janice spoke to the freshmen when they were down." And here you could almost hear Lenz smile over the phone, "When we ran out of gas at our last track meet, Janice called her dad to come rescue us."

The young runner spent her last day at school taking pictures of her friends as remembrances for her college life, and Lenz added "I know that Janice was happy, I know that she was well liked, and loved. She got along well with all the girls, and they all liked her."

And he paused, and said, "Maybe the Lord needed a high jumper."

The futility of life is constantly thrown back into our faces — dark-skinned people die of starvation on the other side of the world, ignorance and hatred strangle human development, a happy and popular girl with a talent for athletics dies within sight of one of the happiest days of her life.

Within a few months, perhaps a few weeks, Janice Gordon will be a receding memory. While it seems a painfully inadequate statement, she should be celebrated for having lived, rather than mourned for having died. Her family and friends should remember Janice as a girl who spread joy, and that may stand as her memorial.

THE LATROBE BULLETIN —

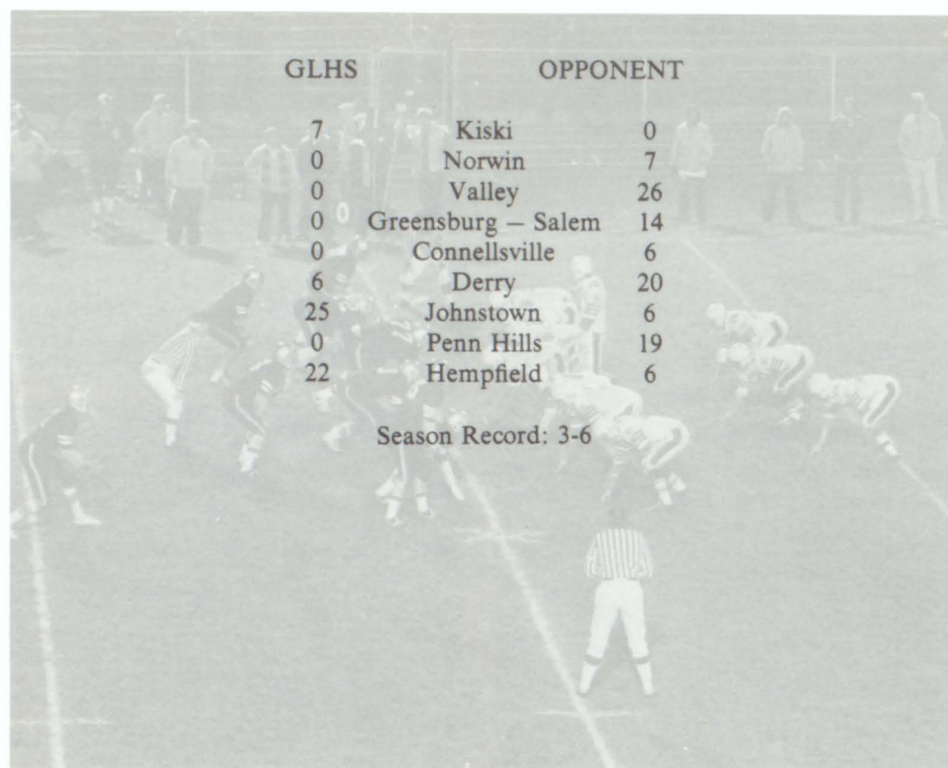

WEDNESDAY, MAY 26, 1976

The Latrobe Staff wishes to dedicate the Sports section of the 1977 yearbook to the late Janice Gordon. Janice, who was "one of the best athletes on the GLHS girls' track team", died on Tuesday, May 25, 1976, in an automobile accident. It is hoped that she will be "celebrated for having lived, rather than mourned for having died."

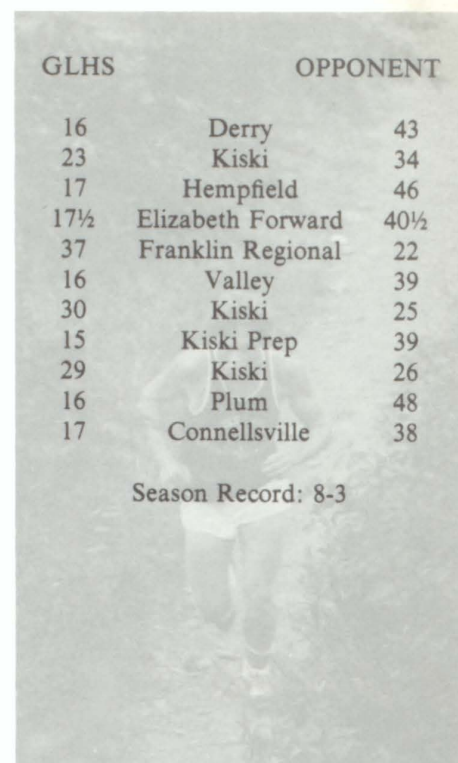

A sincere thanks is extended to Mr. Vincent Quatrini, Bulletin editor, for granting permission to reprint the above article in our yearbook, and to Mr. John M. Jennings former Bulletin Sports Editor, and author of the article.

# *The Latrobean*

*Personnel*

## *In Honor Of...*

their years of dedication and inspiration to the Greater Latrobe School District, we the staff of the 1977 Latrobean proudly dedicate the Personnel Section of our yearbook to Mrs. Clare G. Stover and Mr. Mitchell A. Barron. Both Mr. Barron and Mrs. Stover retired from teaching in the spring of 1976.

Mr. Barron first came to Latrobe High in the fall of 1948. He had taught before at Derry Area from 1939-1941. In March

of 1941, he entered the U.S. Army where he served for five years. Mr. Barron continued to teach in the army at the Enlisting School, the Chemical Core, and the Non-commissioned Officer School. He entered the army as a private and left as a captain. In 1946, he finished a half year of teaching at Derry Area and then worked in industry until 1948 when he came to Latrobe High. At GLHS, Mr. Barron taught a wide range of business courses including shorthand, typing, and bookkeeping. He received his education at Duquesne University and felt privi-

leged to go to college during the Depression. He felt the most rewarding aspect of teaching was to see a child develop and to know that he had a tiny part in that development. Mr. Barron is enjoying practically everything since his retirement. He works part-time at the Hub store in downtown Latrobe and looks to landscaping as a future career. Fishing is his main hobby, along with hunting, golfing, and painting. He spends his spare time doing handiwork and helping out in the community. Mr. Barron, along with his wife Peg, intend to travel

throughout the U.S. as well as to other countries in the future. When asked his main goal, Mr. Barron jokingly replied, "To stay active, and be able to continue to work instead of spending my time in a rocking chair."

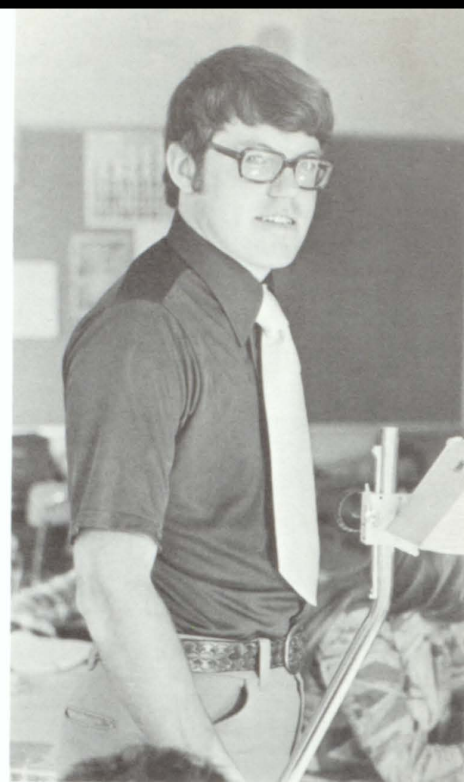

Mrs. Stover began her teaching career at Bolivar High School which is now Laurel Valley. She came to Latrobe High in the fall of 1935 when the high school was located in what is today the Middle School. From 1935 to 1940, Mrs. Stover taught mainly French class mixed with a few courses in English. She was married

in 1941 and stopped her career for a period of time in order to raise two sons. In 1962, Mrs. Stover returned to the faculty of GLHS and taught for a total of twenty-two years. Mrs. Stover received her B.S. in education from Grove City College and took courses at the University of Pittsburgh and Western Reserve University as well.

Now that she has retired, Mrs. Stover is getting back to her art work. "Having time to paint again" is what she likes most about her retirement. She has exhibited and sold several of her paintings.

Hanging on the wall in GLHS is one of Mrs. Stover's outstanding works labeled "Mozart Hall". She belongs to the Associated Artists of Pittsburgh. In her spare time, Mrs. Stover works as an aide at Latrobe Area Hospital, helps with the Meals on Wheels Program, and takes art classes in Pittsburgh. She is also an active member of the adult A.F.S. chapter. Her future plans include traveling.

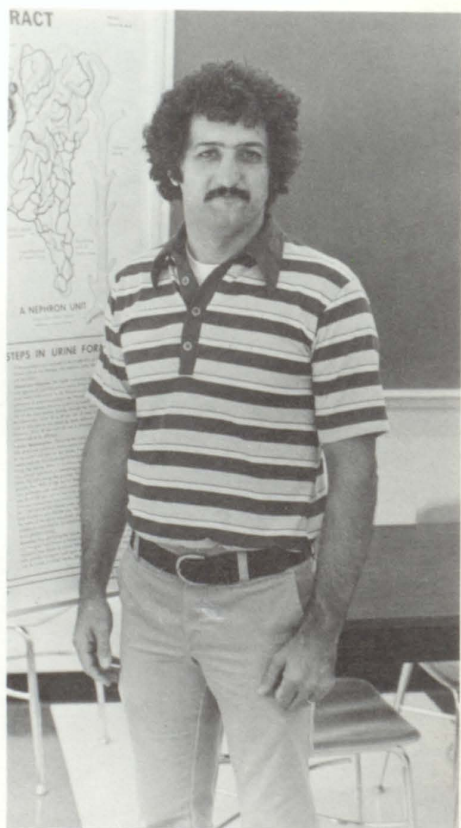

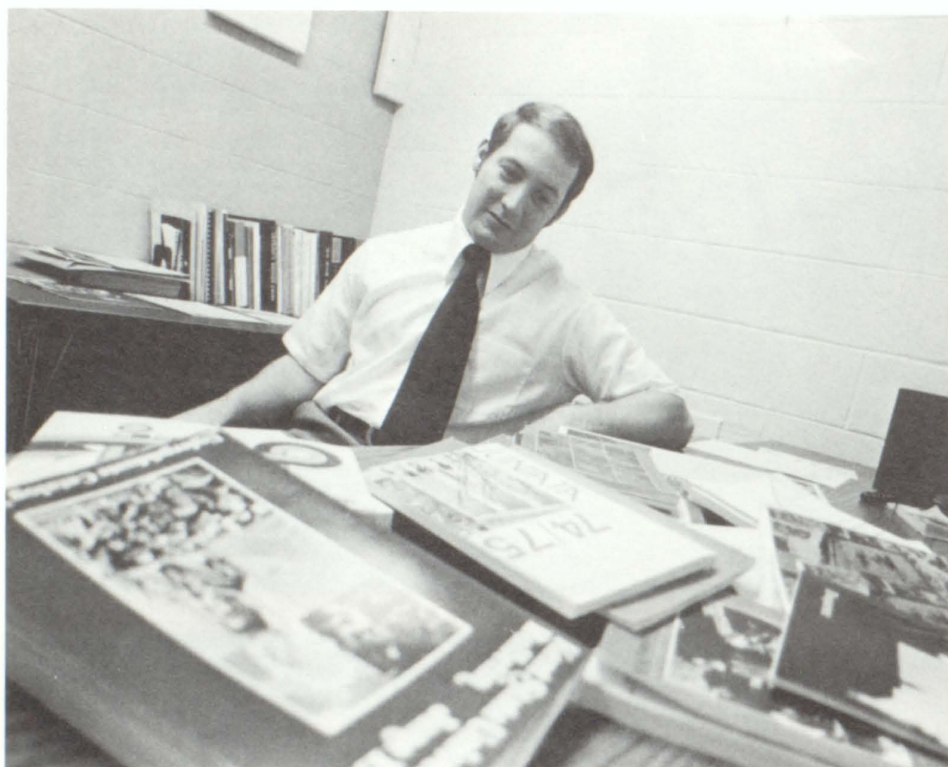

*Only five more minutes to 2:55 p.m., moans Mrs. Leonard. Tardy again?! Which one of Mr. Hull's notorious punishments would you prefer this time? Due to the unanimous decision of the jury and Mr. Chamberlain ... Now 2,432 more for you, Miss Westlund, for all the "C's" you gave out.*

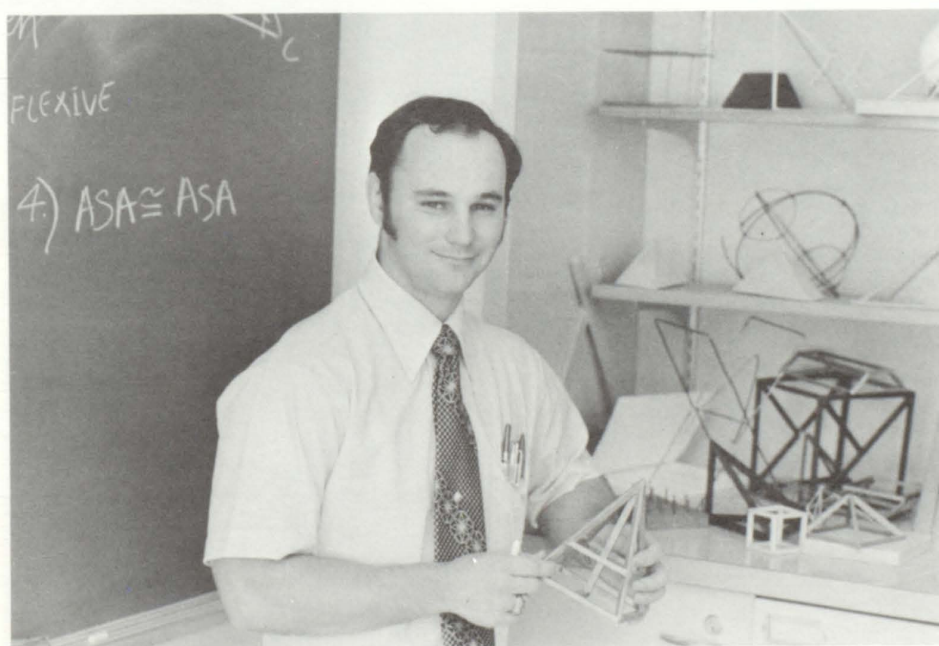

*Miss Horansky, erase and correct your errors, instructs Mrs. Bates. I, Mrs. Henderson, propose a toast. Move over Liberace, here comes Mr. Yanity.*

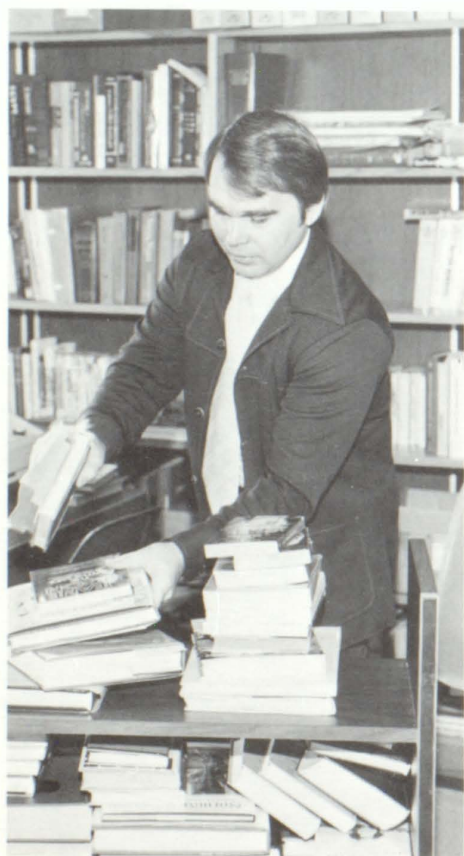

*That kid could never make up his mind, groans Mr. Watson. I'm giving a little Roadman Special tomorrow. Hey Mr. Howard, I'll trade you Terry Bradshaw for Joe Namath, bargains Mr. Hart. I'm sorry kids, I can't make this anymore interesting, sighs Mr. Jioio.*

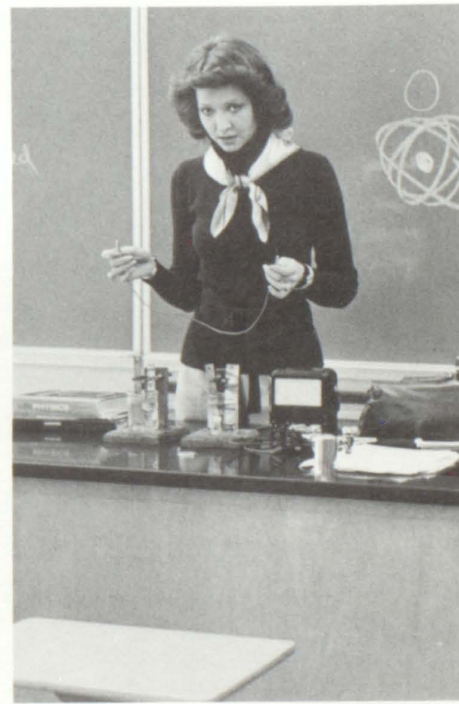

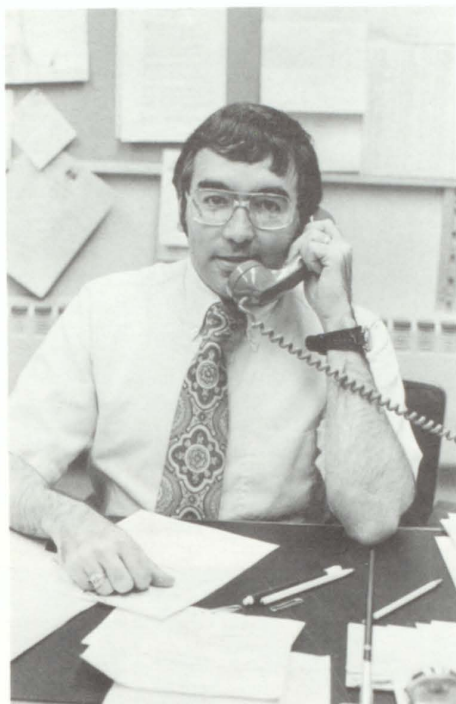

Introducing my newest invention, Showalter's wheel. Mr. Harbert is a whiz at this modern cooking. And this one's my favorite, the Albaugh convex circular polygonal triangle. "I get up at 6 a.m. for this," yawns Ms. Bankovich.

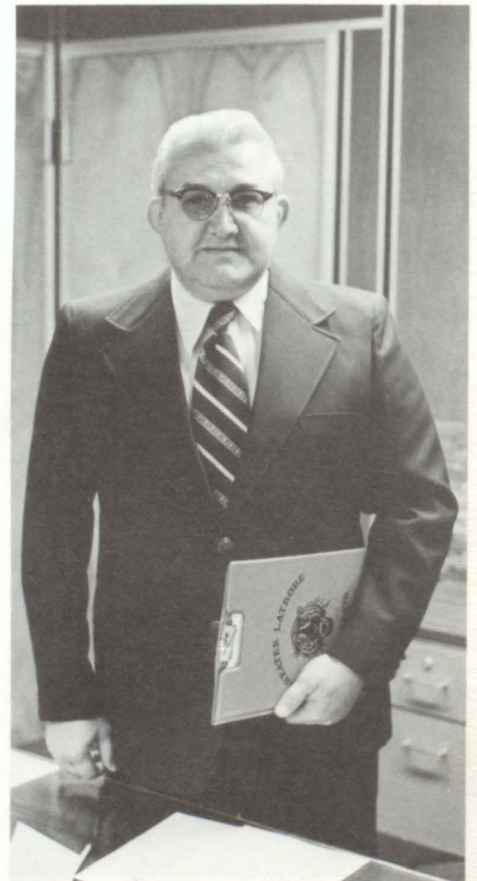

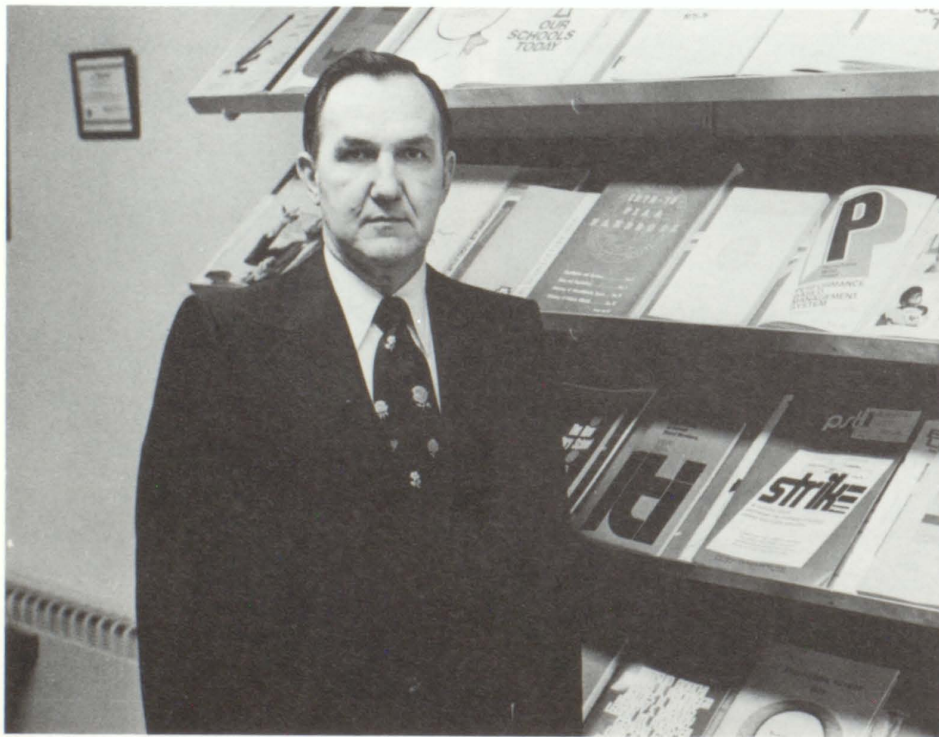

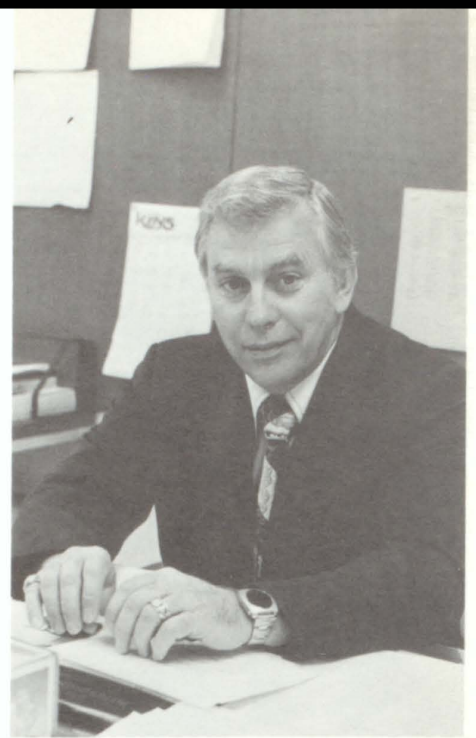

*Miss Gill and Mr. Halula hamming it up. Mrs. Mary Kindl, Xerox Room Secretary. A typical day in the life of Mr. McFarland.*

*Don't worry, I won't forget the loaf of bread, pound of butter, and quart of milk, replies Mr. Myers. It's very pretty Marcia, but I'm sure that even your mother doesn't have three arms, states Mrs. Cantini. That's not too bad for being completely wrong, Jim, sighs Mr. Eckert. Welcome to the celestial world of Harry Graham! Maybe if I practice this a few more times, thinks Mrs. Schmidt, I'll know what I'm doing when class starts.*

## *Guidance*

The Guidance Department played a vital role in helping students during the year. The counselors aided seniors in future plans after high school by helping them to understand themselves and their abilities. Sophomores and juniors consulted counselors about problems in scheduling. Counselors also advised students in taking practical courses that they could use in planning their future careers.

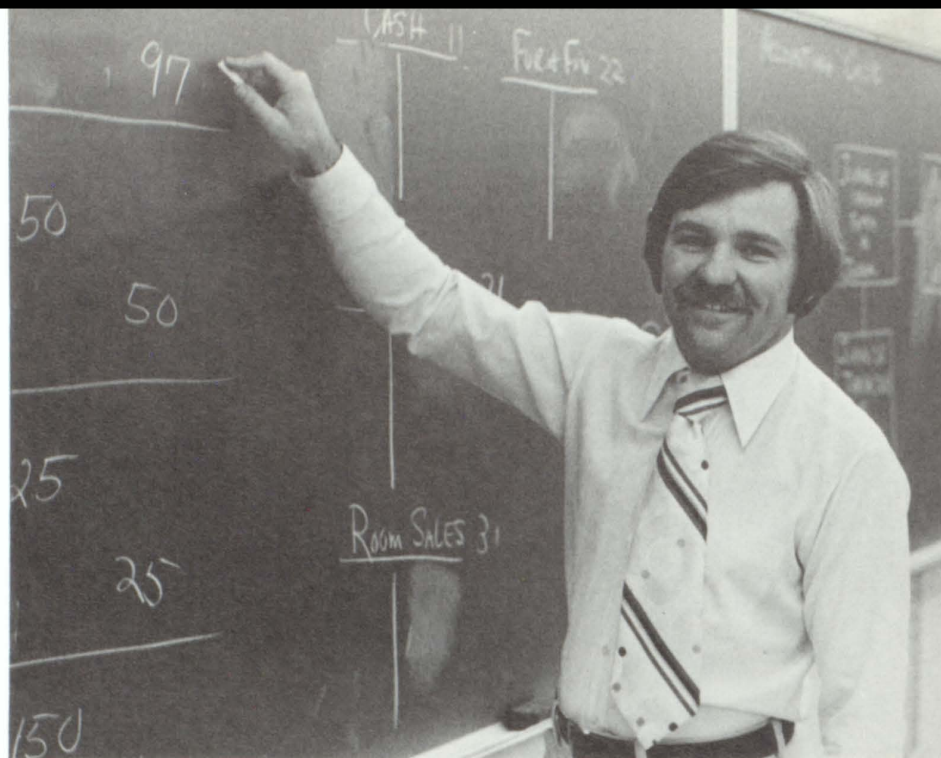

A new college representative calendar posted by the Guidance Department in homerooms proved helpful to many seniors in selecting the college that was right for them. Every week a few representatives from various state, private, and junior colleges visited GLHS providing interested seniors with valuable information about academic possibilities at a particular college.

Thomas Ryder, Vicki Sekora and Mary Ann Donoghue — Data Processing, Ronald Aromatorio, Mrs. Regina Macey — Guidance Secretary, Dave Pletcher — Occupational Education, Mrs. Dorothy Hacker, George Klim — Art, Richard Watson.

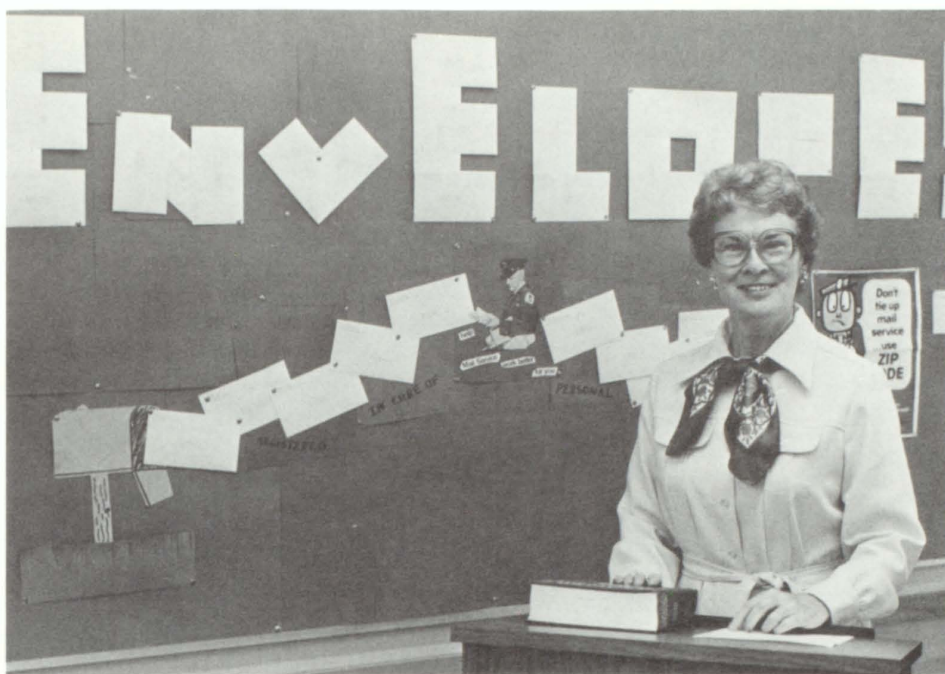

## *Business Education*

While walking through the Business Department during the past school year, one was surrounded with sounds of busy students. The steady hum of computers in the data room, the consistent punching of calculators, and the rhythmic rapping of a typist's fingers hitting the keys of a typewriter showed signs of learning.

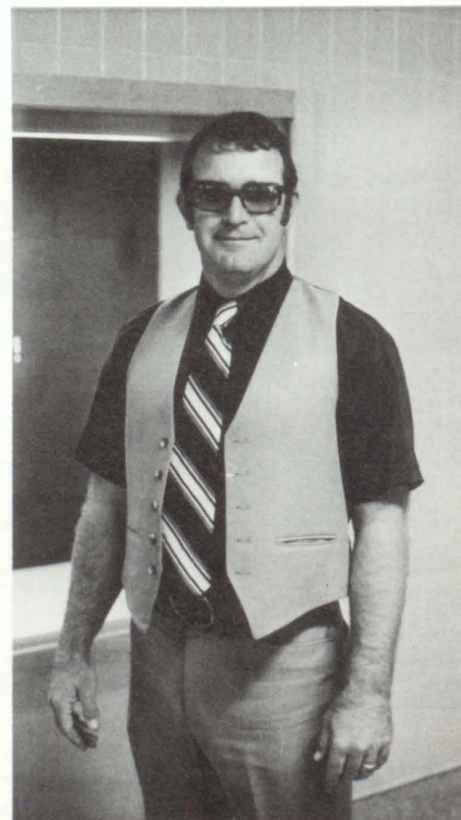

By learning personal skills in the classroom students scheduling business courses prepared themselves for future careers. Typing, Data Processing, Note-taking, and Shorthand, along with several other courses, enabled students to gain understanding of the basic skills involved in various business careers.

Miss Marie Truck, a new addition to the business Department organized a FBLA Chapter at the beginning of the school term. Through this organization, students displayed their business skills by competing with each other in several contests.

Frank Krall, Mrs. Margaret L. Andros, Thomas P. Harbert, Mrs. Janice Bates, Florence Gill, David Graham, Marie Truck.

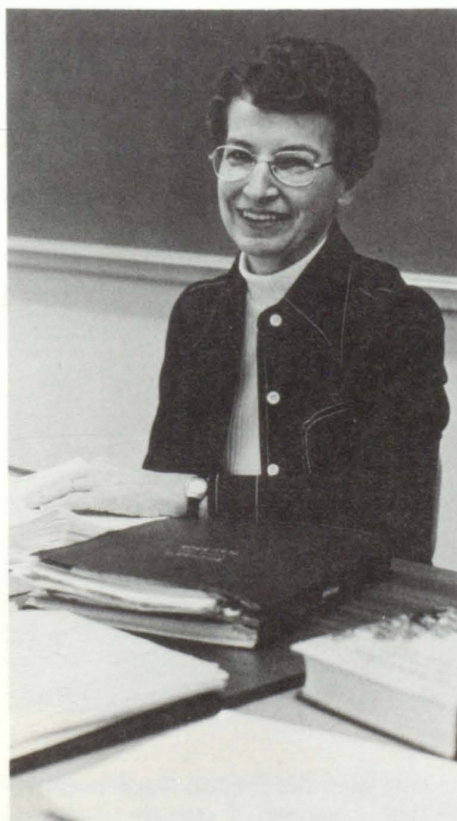

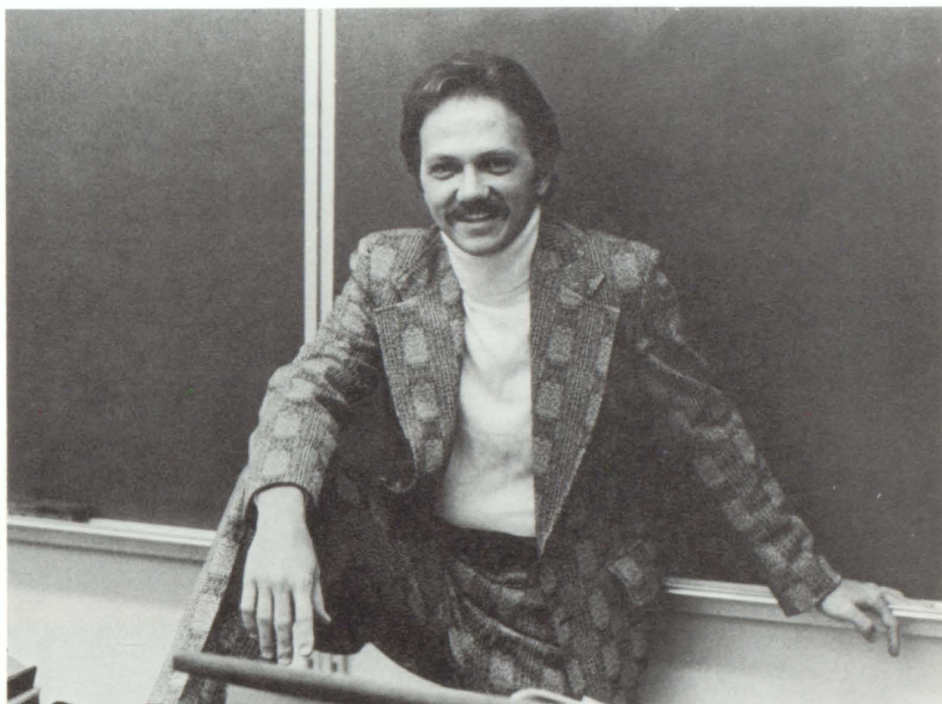

## *Drivers Education*

Nerves of steel, patience, and a quick foot slamming on the brake managed to get the teachers of Drivers Education Department through the year without any drastic collisions. Students enrolled in the course first learned the basic rules and regulations of driving in classroom instruction. In behind the wheel instruction, students began with mastering the skills of the simulators, they proceeded

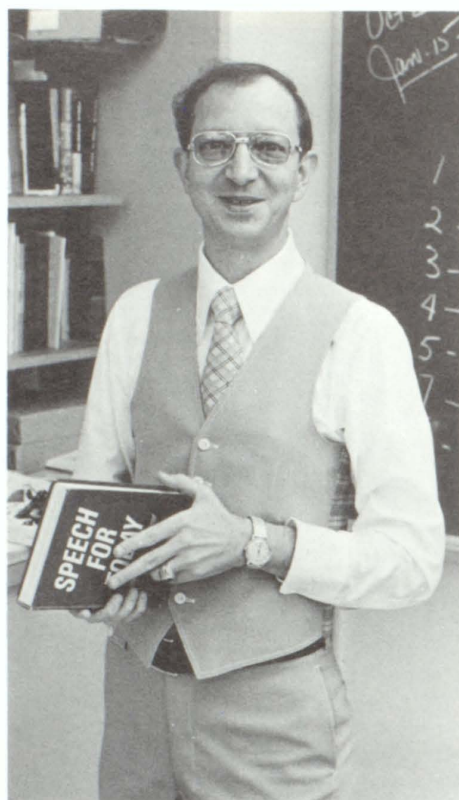

to tackle the drivers education training course. Driving in two way traffic, parallel parking, and yielding at intersections were a few of the traffic situations learned on the course. Students were given direct experience on how to drive in highway, downtown, and back road traffic. After satisfactory completion of the course, students were issued a yellow card as an achievement award.

Mrs. Jacquelyn K. Cavanaugh, Frank Puschnigg, James Taylor, Lewis Hart, Edward Markiewicz, James Mikula, Mrs. Patricia Findley, Mrs. Dolores Baroli, William R. Couchenour.

## *English*

## *English*

This year, the English Department activated a variety of courses where students got involved in many projects.

After mastering the basic skills of film making, "movie makers" in Film Media classes produced films of their own. Journalism students produced the Highpost, the school newspaper, plus the yearbook. Craft of Writing classes were responsible for a creative writing magazine, which presented original short stories and

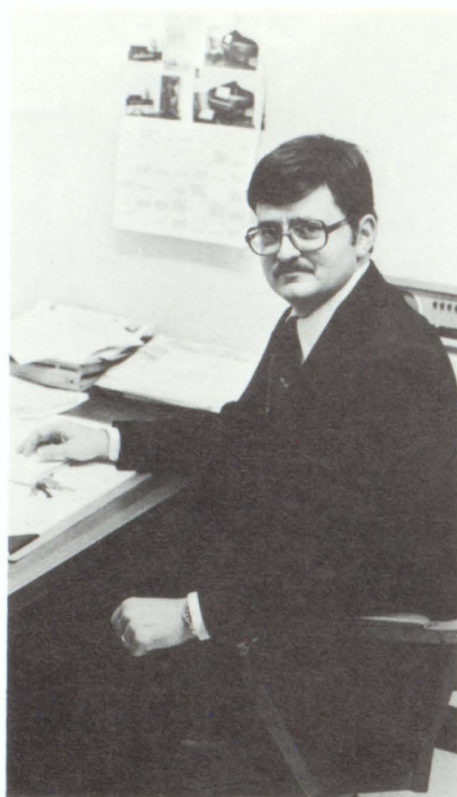

poetry. Mr. Seabol's Speech classes innovated a change in the year's morning announcements. By using personal interviews, sound effects, and a lot of creativity, student announcers awakened GLHS with enlightening information about school events.

Mr. William Couchenour returned to the English staff after teaching at the East Wing.

Robert Baluh, James Seabol, Janet Dunlap, Mrs. Carolyn Dillon, Mrs. Marie Lattanzio, Mrs. Antoinette Aromatorio, Mrs. Janet Henderson, Richard L. Donati, R.A. Halula.

The Music Department attracted many individuals by offering them enjoyment yet presenting a personal challenge.

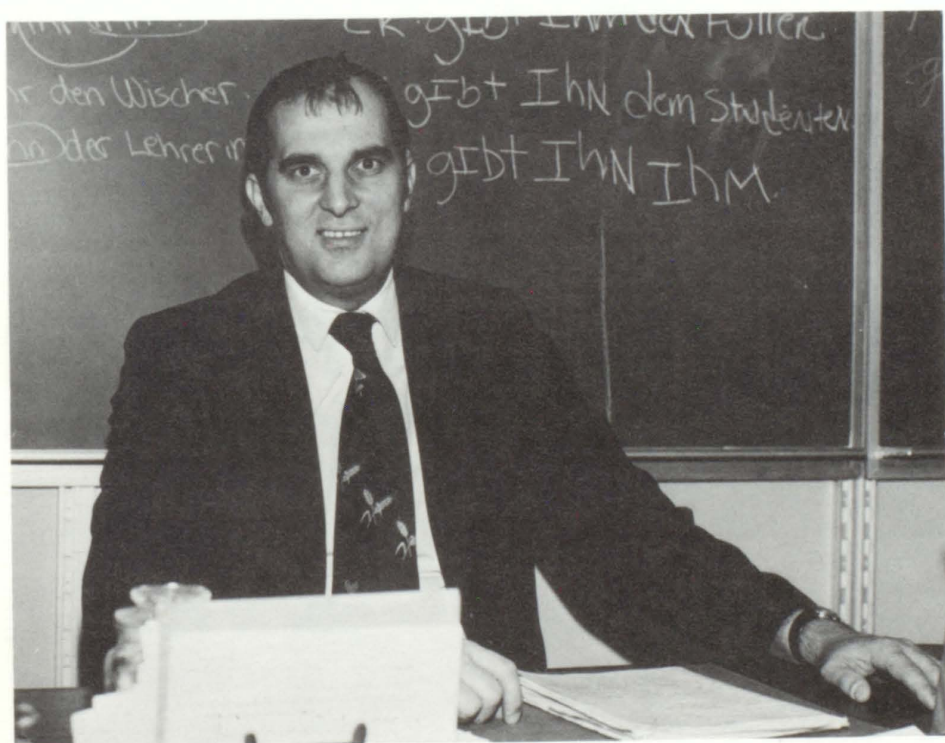

Music courses for the year included Choir, Vocal Music, Piano, Theory and Harmony, and Wood Wind Ensemble.

Students displayed their musical talent

at the Christmas Concert and Winter Instrumental Concert. By combining musical and acting abilities, the spring musical formed an entertaining show. The Spring Fine Arts Weekend blended instrumental and vocal music, producing individual and group programs for the public.

An exchange program highlighted the department's list of activities. Students from GLHS traveled abroad to France and Germany to learn more about the

countries, language and culture. In turn, students came from France and Germany to learn about American customs.

The annual foreign language carol sing was held December 19 at Latrobe Presbyterian Church. Various traditional Christmas carols were sung by students in French, Spanish, Latin, and German.

The department added Miss Gail Nugent to its staff as a French teacher.

## *Foreign Language*

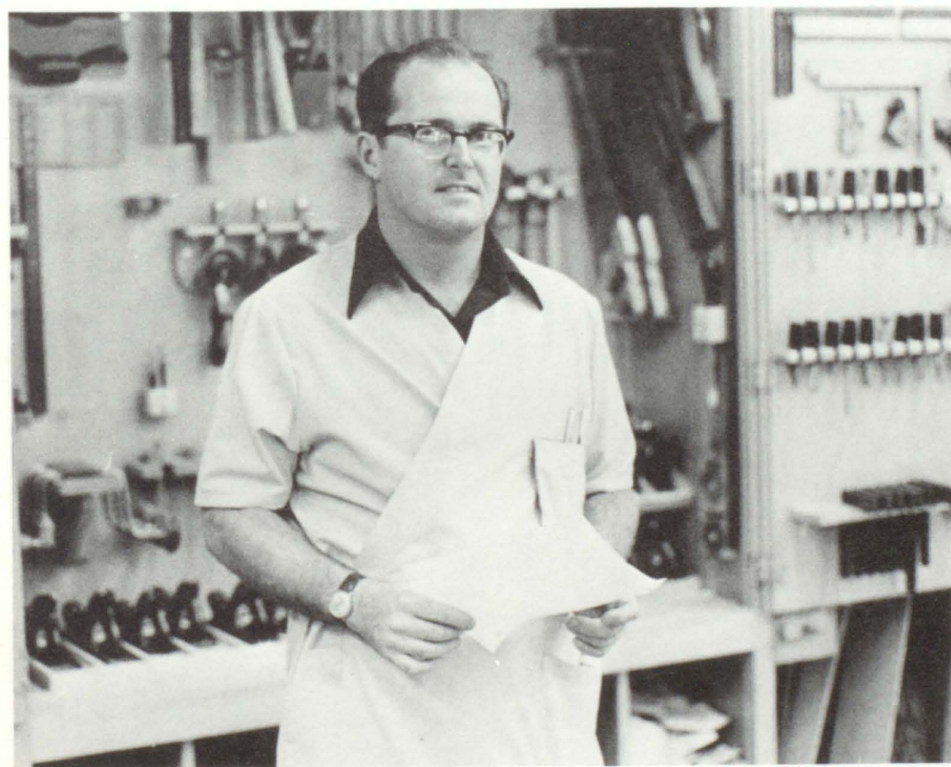

## *Industrial Arts*

The Industrial Arts Department provided classes in Architectural Drawing, Metals, Wood, Plastics, and Mechanical Drawing to interested students. Students mastered basic skills at the beginning of the courses which led them into refinement and individual student design.

Students in Drafting, Metal, and Wood classes competed for individual honors in the annual Lions Club contest held at the end of the school year. Winners received a cash award and certificate from the club. The projects were displayed in the Learning Resource Center.

Frank H. Felbaum, Mrs. Suzanne Yourish, Mrs. Marilyn Cantini.

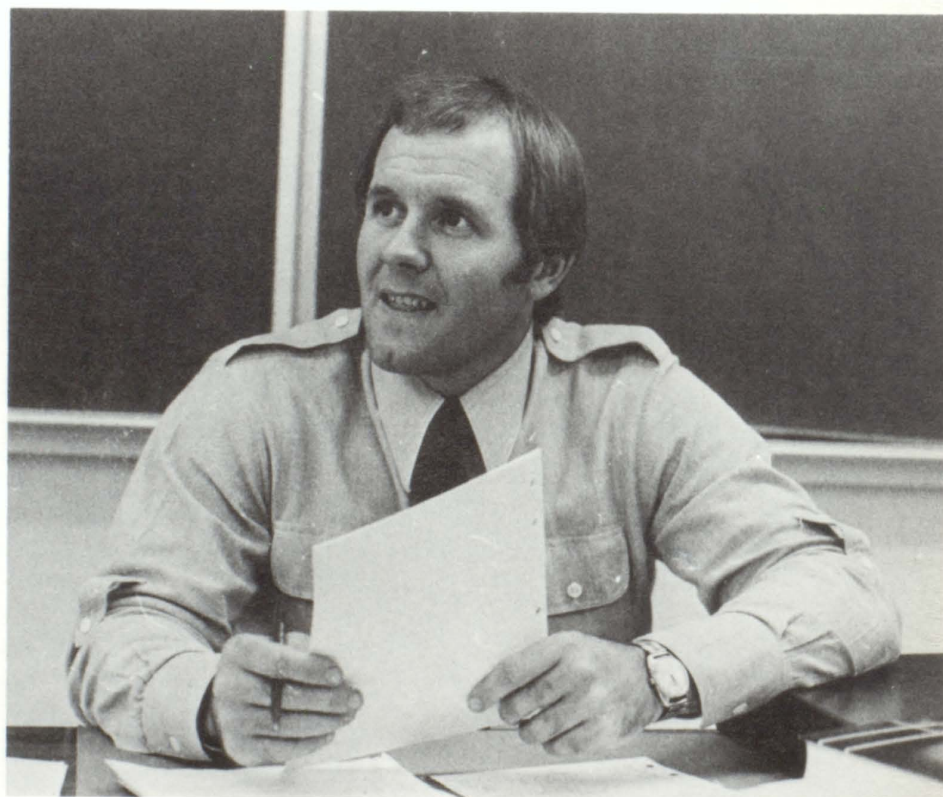

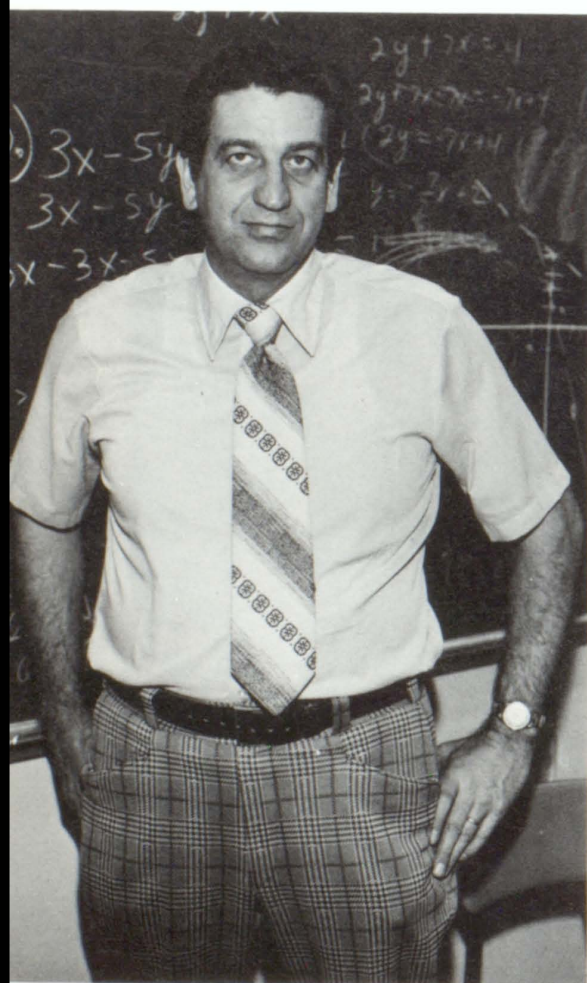

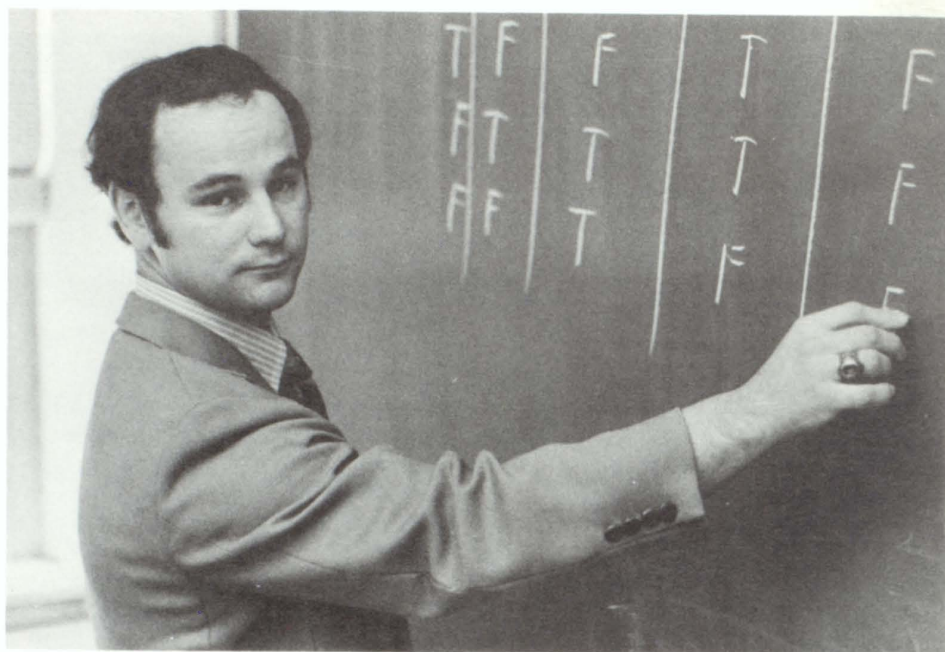

Child Development, Foods, Clothing, Family Living, Personal Development, and Independent Sewing were courses made available to the students by the Home Economics Department during the school year.

Mrs. Terry Samuel, Earl R. Karasack, William Lowry, Edward D. Showalter.

## *Home Economics*

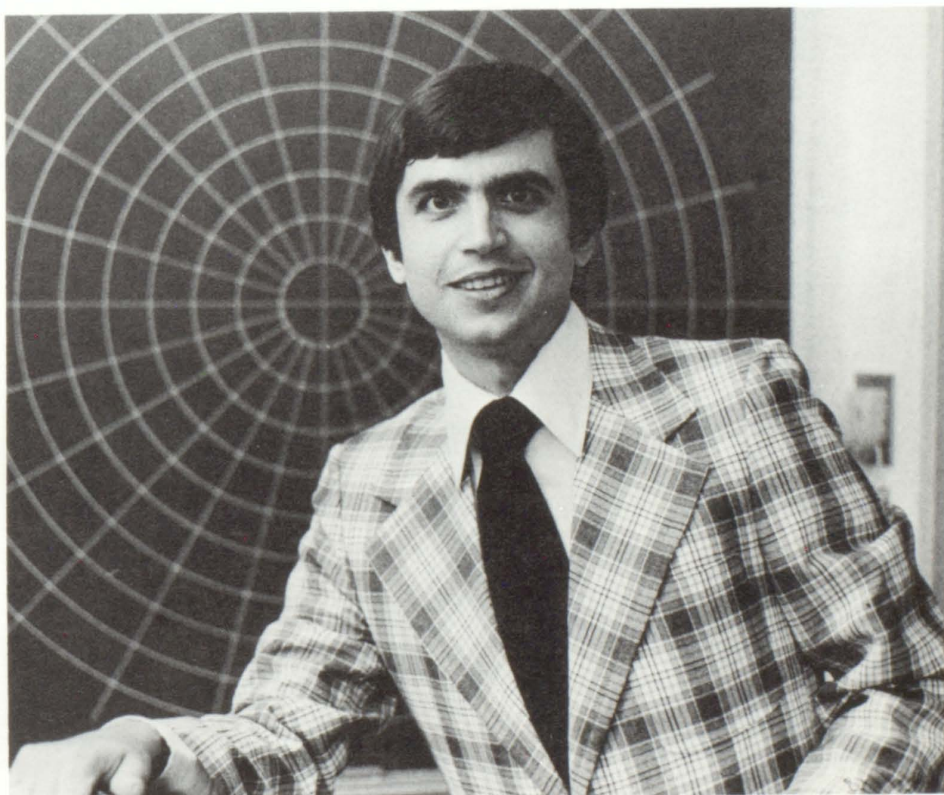

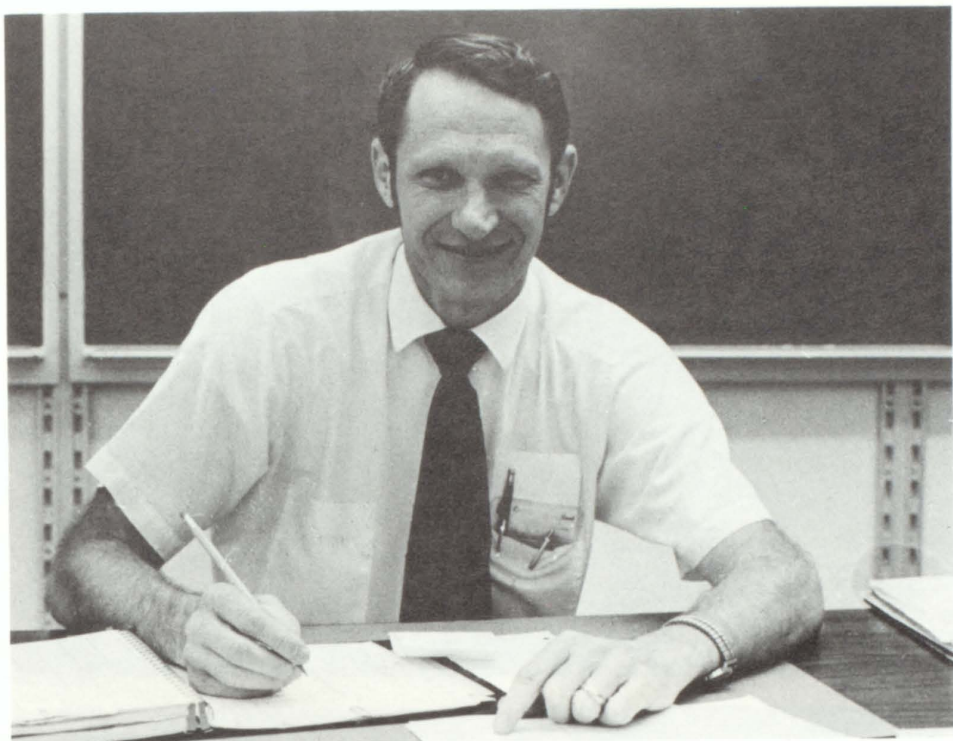

## *Mathematics*

The main objective of the Math Department was stressing practicality in application, individuality in achievement, enjoyment, and creativity in learning mathematical concepts.

The department offered courses in Algebra, Calculator Math, Geometry, Math Analysis, and Trigonometry.

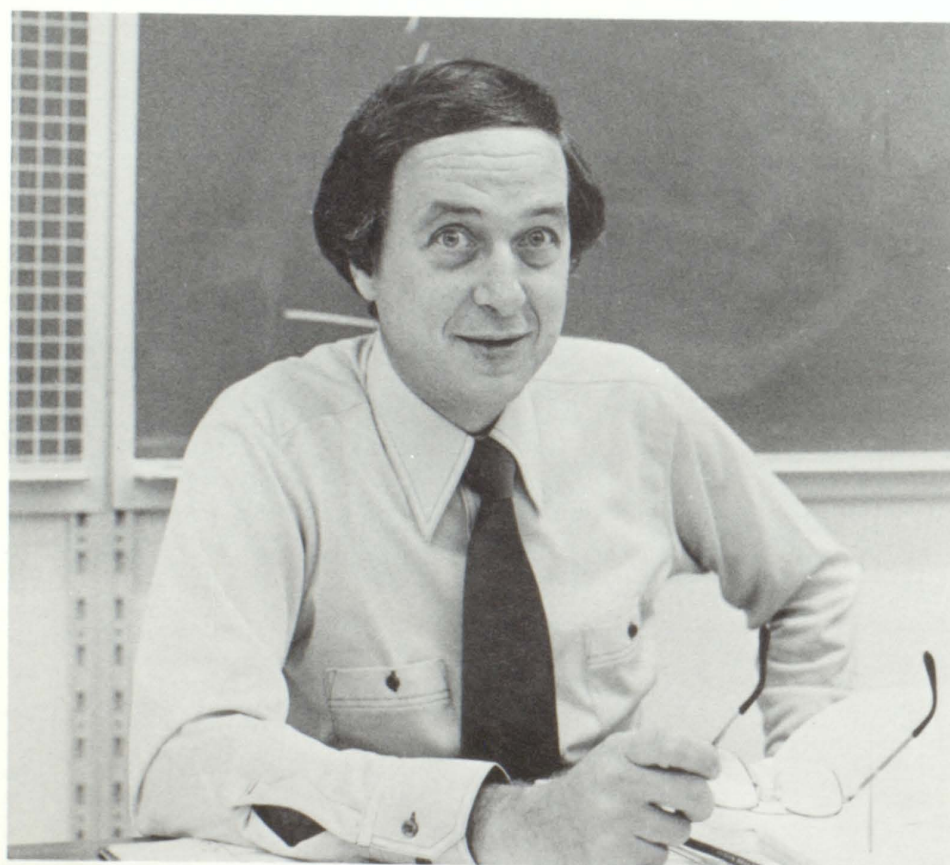

To encourage individual research, the math lab provided various games and mathematical equipment as a means of learning. Peer tutoring conducted in the lab helped those who were having difficulty in a particular math course.

Throughout the school year, math students participated in a variety of national and regional math contests.

Richard C. Albaugh, Albert E. Bollinger, Joseph Howard, Robert L. Luxner, Samuel P. Lawson, Louis T. Congelio.

After being made mandatory by state law, coeducational gym classes were introduced by the Physical Education Department this year.

Miss Westlund, now a coed gym teacher, stated, "It's really a refreshing change for me as a teacher. All the kids, boys and girls alike, seem to enjoy it too."

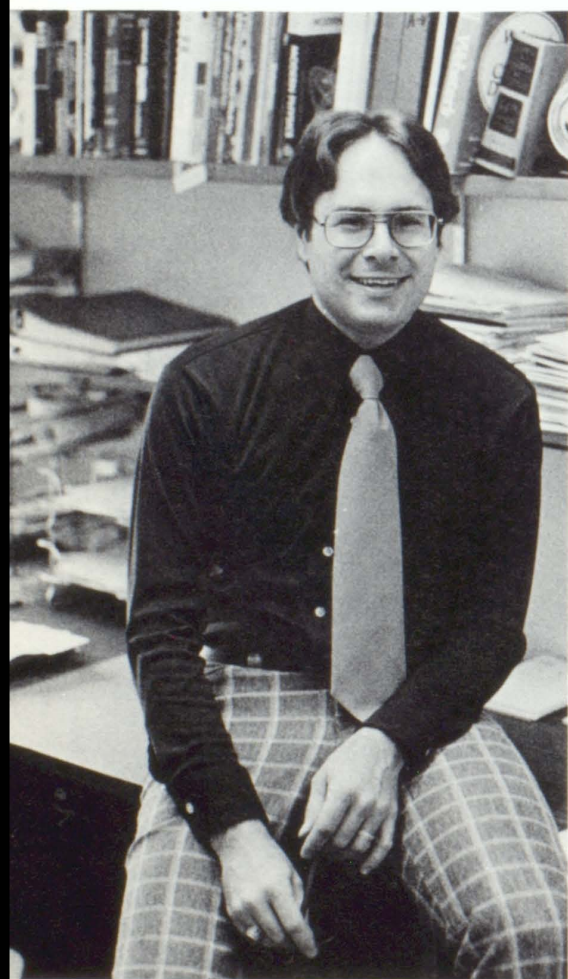

Every nine weeks, students selected an activity that seemed most appealing to them. Choices ranged from golf and paddle ball, to basketball and calisthenics.

Because of a large amount of student interest, the department offered a variety of intramurals during the year, including swimming, basketball, flag football, and softball.

## *Physical Education*

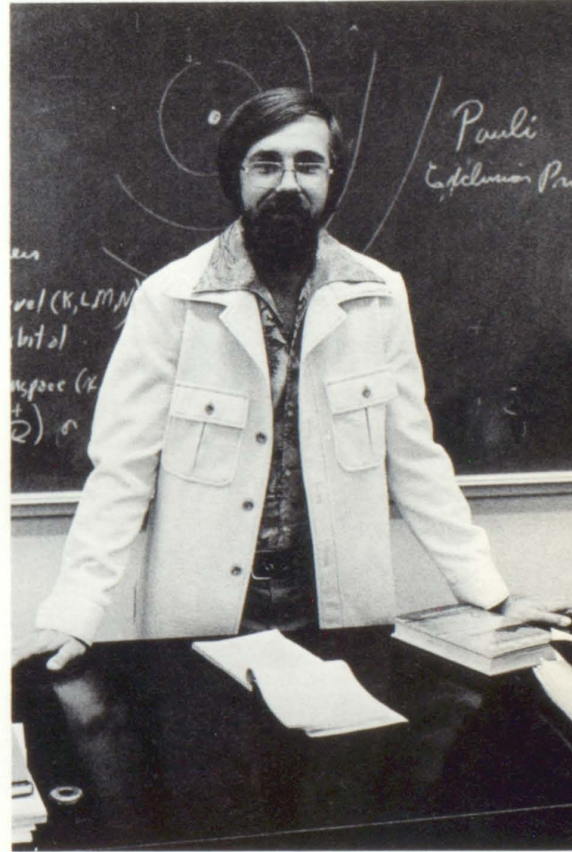

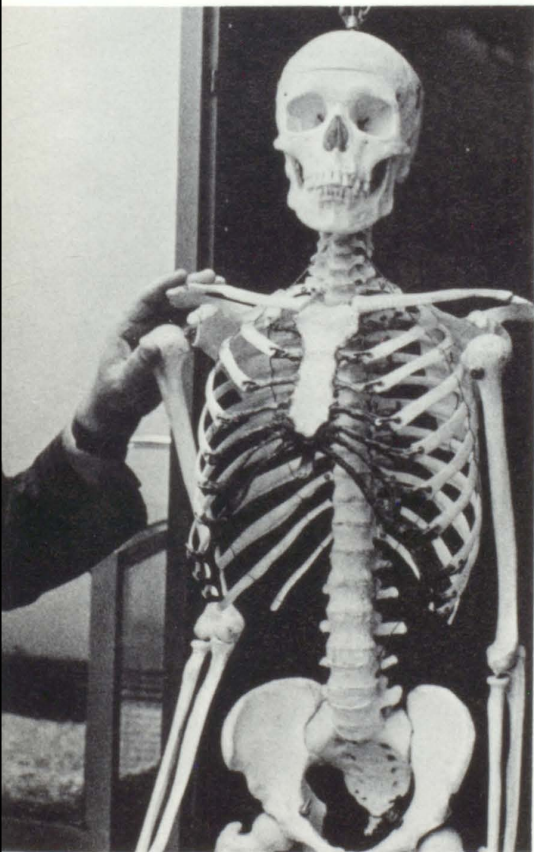

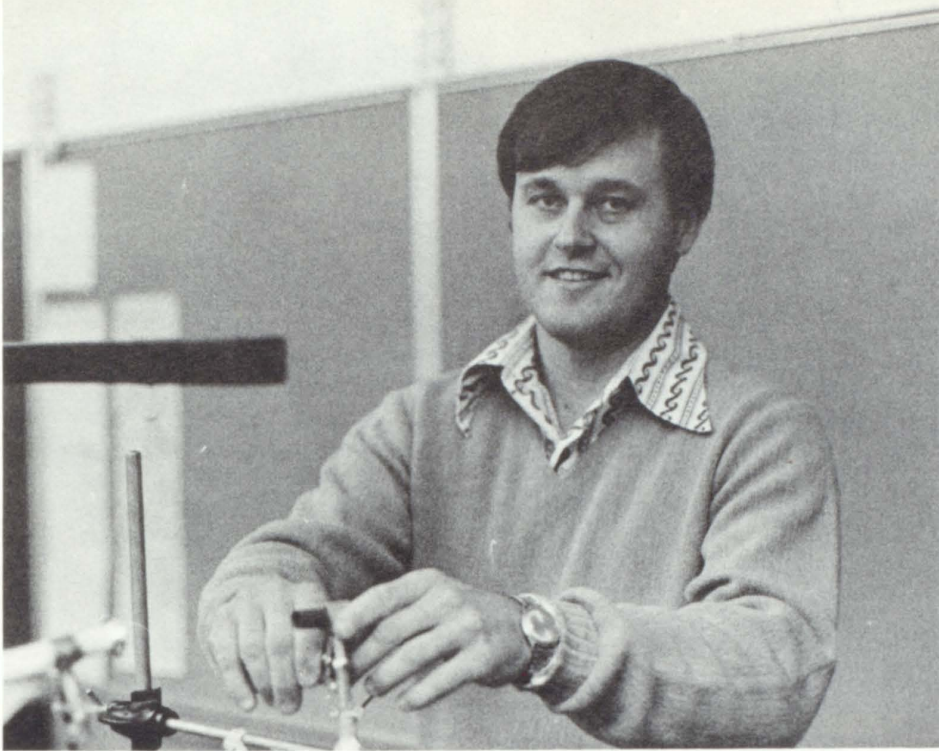

## Science

An Advanced Biology course was added to the curriculum of the Science Department this year. Organized and taught by Mr. Richard Pipak, the class centered around the anatomy of the human body. Other science courses offered to students by the department included Biology, Chemistry, Earth and Space Science, Astronomy, and Physics.

## *Social Studies*

This year, the Social Studies Department offered internships in Law, Government, Economics, Youth in Society, Inter-group Relations, and Ecology. Internships provided direct experience for students interested in a particular area of social studies. Mr. Hull's Government classes aroused enthusiasm for the 1976 Presidential election by conducting a mock election. Gerald Ford emerged the victor within our school, but nationally

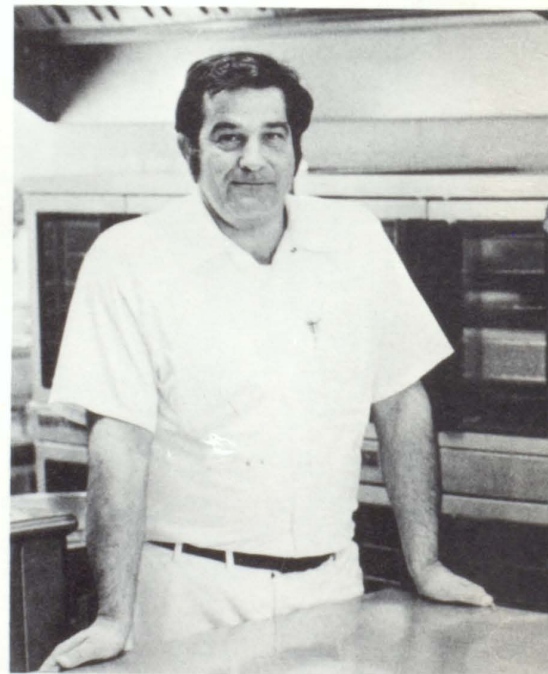

Jimmy Carter became the 39th President of the United States.

I learned this, at least, by my experiment;  
that if one advances confidently in the  
direction of his dreams, and endeavors  
to live the life which he has imagined,  
he will meet with a success unexpected  
in common hours.

If you have built castles in the air,  
your work need not be lost;  
that is where they should be.  
Now put the foundations under them.

JUNIOR LATROBEAN STAFF ..... who helped out by doing a lot of the little things.

FACULTY AND ADMINISTRATION .....for understanding and cooperating.

OUR FAMILIES .....for being there through the rough times.

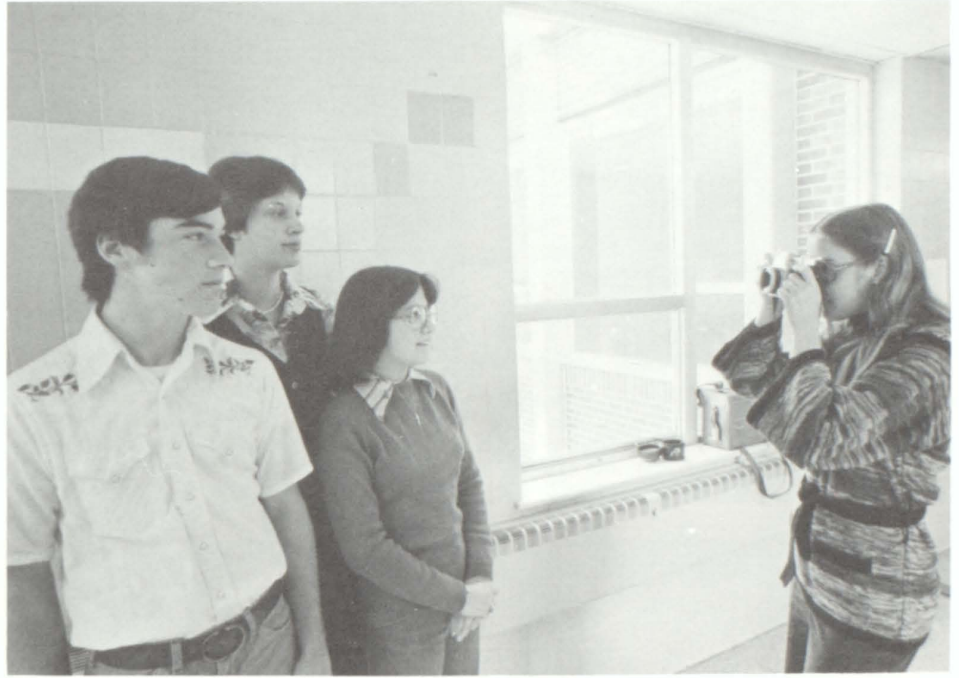

THE PATRONS AND ADVERTISERS .....who contributed financially to our cause.

**T**ogether, we made it through another school year. We'll all remember the books we studied, the reports we typed, the compositions we wrote, and the tests we attempted to pass. But most of all we'll remember the people ... people we learned with ... studied with ... cried with ... and laughed with. Most remembered of all, will be the good times we shared together.

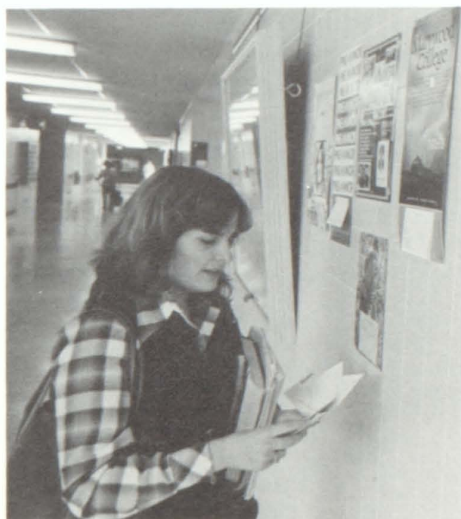

The time has come for us to dig up our roots and plant them elsewhere. Sophomores will resign their positions as sophomores and return next year as juniors. Likewise, juniors will come back to "rule the school" as seniors.

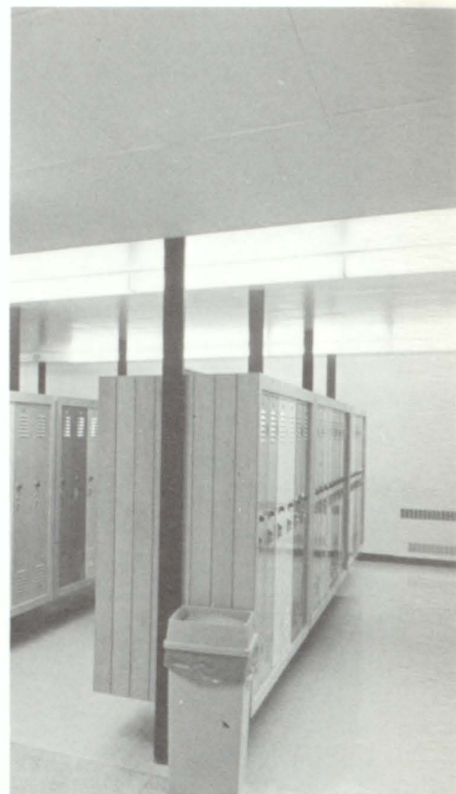

For seniors all that's left of times spent at GLHS are memories. Yes, the time has come for us to dig up our roots and plant them elsewhere ... and we will. High school days are now over for more than 500 graduating seniors in the class of '77.

**E** mptiness ... silence ... the  
 people are gone ... another  
 year is finished ... But the  
 memories ... will linger ...  
 forever ... and ever ... and ever.

"Time Must Pass"

High school is a remembered time,  
recall the fun and laughter —  
It passes by as fast as the sun,  
asking you what comes after —  
Life is a mysterious thing,  
not knowing where you are going —  
People come and people go,  
and there is no way of knowing —  
People leave and never return,  
searching for new horizons —  
Others remain and build their lives,  
not to be surprising.

Time must pass with memories,  
and memories pass with time —  
Those vivid memories we once had,  
we are leaving now behind.

Sitting in the stands supporting  
your team, on the wood or in the green —  
Your love that somehow got away, remember  
graduation day —  
The Homecoming, your Senior Prom —  
The images will linger on —  
Dreams forgotten by passing days, awaken  
to life's timely ways.

Time must pass with memories,  
and memories pass with time —  
Those vivid memories we once had,  
we are leaving now behind.

Together again at class reunions,  
changes made through evolution —  
People lost and people found,  
those that are always still around —  
Shorter grows time as we get together,  
bringing back what lasts forever —  
Shallow is the cloudy water,  
still faith to your alma-mater.

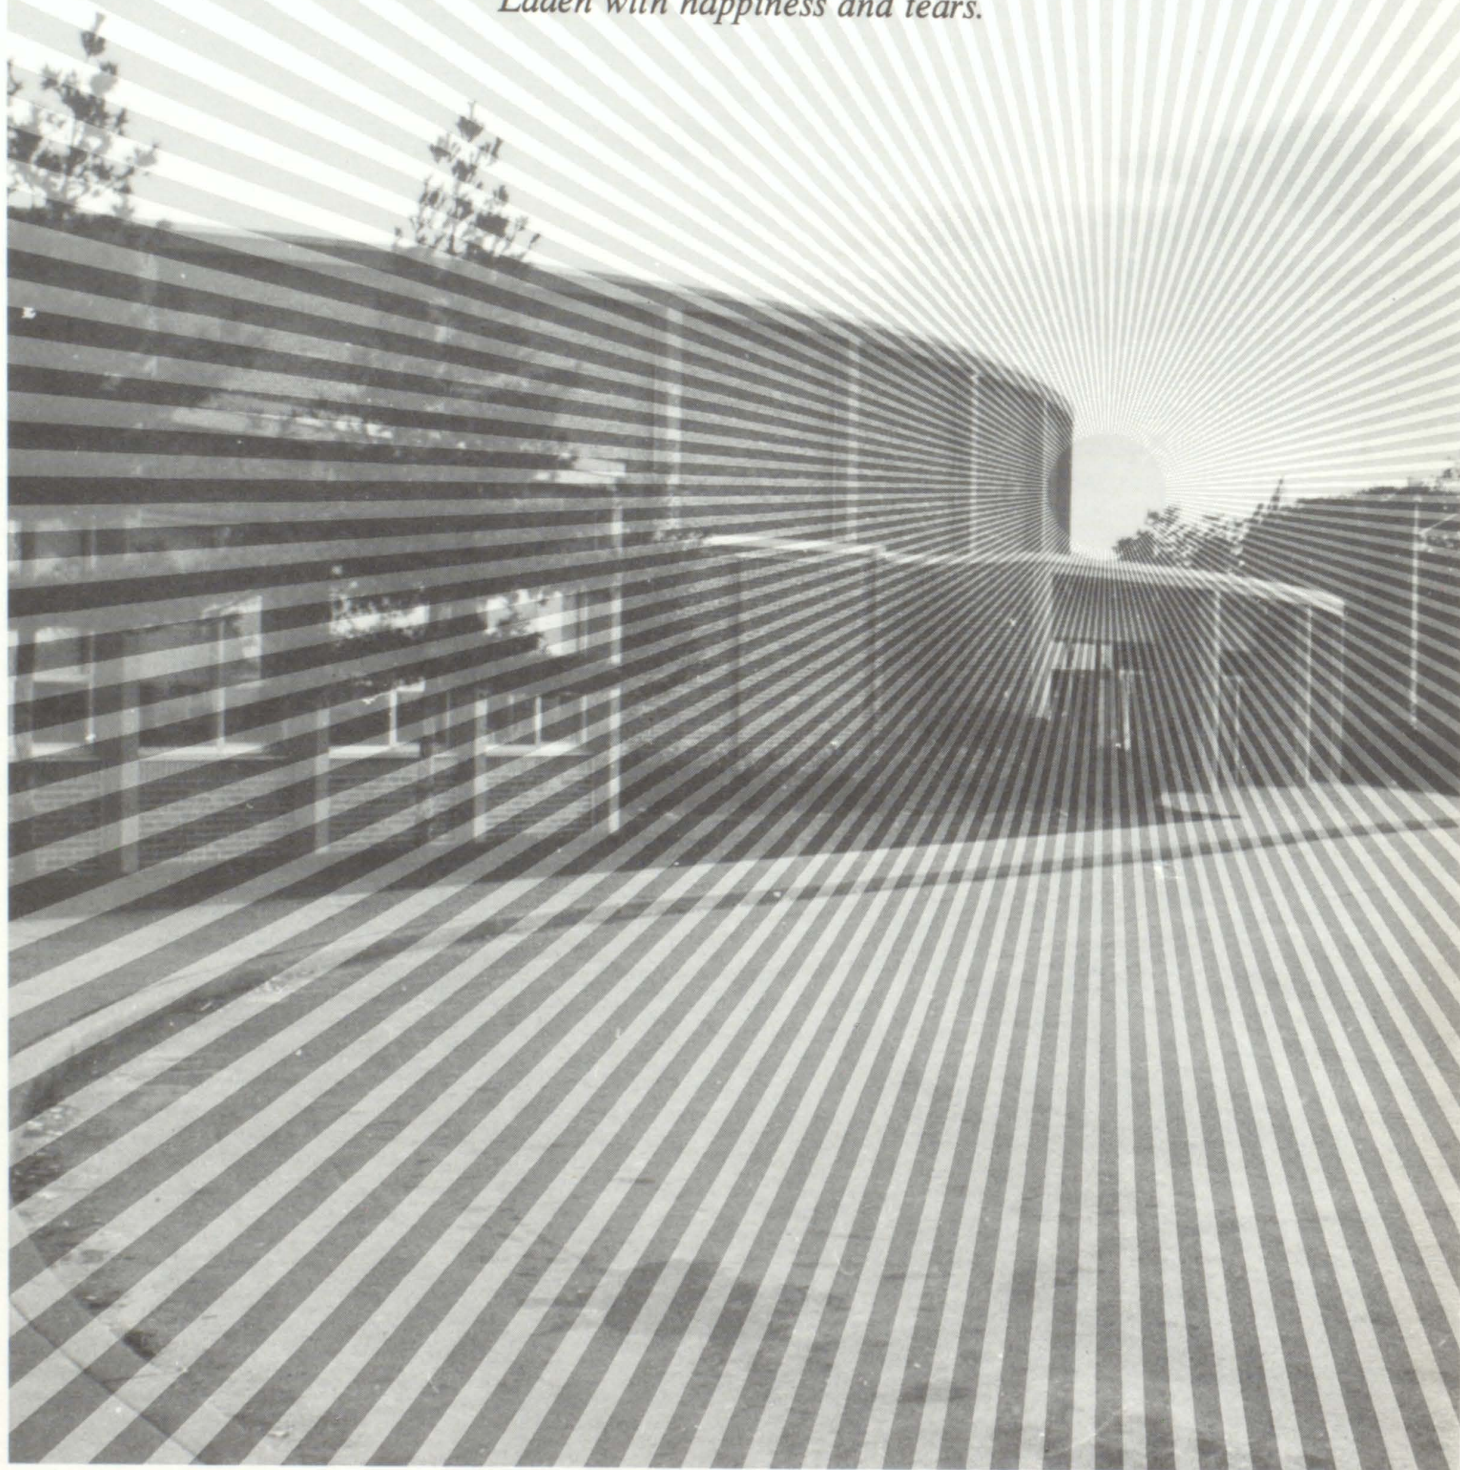

Time must pass with memories,  
and memories pass with time —  
Those vivid memories we once had,  
we are leaving now behind.

... John Ferlin
