# Making The Grades

Report cards were a major worry for many students. Some kids took it easy and enjoyed as many electives as they could. Others competed for A's in academic college prep classes. Our social lives suffered when we stayed in to do homework. Parents pressured us to get those high scores, but most of all we had our own standards to live up to. We studied till the early morning hours for the announced exams and panicked the minute we got news of a pop-quiz.

The pressure of making the grade is one thing we'll all be glad to forget after graduation. But for the students who attend college, the presssure is to come.

# The Workin' Life

"Hey Sue, there's a party Saturday night at the Ditch. You wanna ride up with me."

"No, thanks anyway . . I gotta work Saturday night."

"Again! How many days do you have off to go out and have a good time?"

"Not very many!"

"Well at least you're making money. I don't think I'll ever find a job!" Conversations like this are common to the workin' kids of Latrobe. They sacrificed their cruisin' and partyin' time to work for a few dollars. No Friday night football games or Saturday night dates, they had to be at work.

They walked from school after fourth period carrying their keys hurrying to the student parking lot. These students were all part of the Co-op program. The second half of the day at school and evenings were spent working in fast food chains or whatever job they had. Most of the students were getting onthe-job training after successfully completing their education at the Vo-Tech school.

Many kids envied these Coop students because they had a job and only attended school half a day, but these workers took a toll in their social lives because of their jobs.

# Slang

Latrobe students are like any other students across the country. Right? Wrong! If you traveled across the country, you'd hear thousands of teenage languages. And Latrobe is no exception. We all remember the crooning Moon Zappa. "Groadie! Gag me with a spoon! Totally!" How could we forget? Other than trends of speech, there are still several things that make us unique. Western Pennsylvania gave us the original word "younz". Adults as well as teens are guilty of using this grammatical disaster. Here are a few examples of the common language spoken by the kids in Latrobe High: We either thought school was "Excellent" or "gross". The word "going" was practically exempt from our vocabulary and replaced by "gonna". We didn't ask our friends to come on over, we had them "c'mon over!" When in doubt we grunted "I'm sure!" We didn't take a nap after school, we "went home and crashed". And then there's the ever popular form of language we often hear but never admitted to speaking! (\*&#\*c\*&\*"!!\*&#)

#### College Knowledge

Many Seniors went through the painstaking process of college hunting. After taking SAT's or ACT's, Juniors and Seniors met with their counselors to discuss the best possible colleges for their academic and financial limitations. High school statistics were gathered and application forms filled out. Students paid a small application fee of an average of 15 dollars. The check and information were finally placed in an envelope and mailed to the college of the students' choice. Many times students applied to many colleges to assure acceptance. The colleges usually would mail a letter to the student to inform them that the application had been received and further information would come after processing. Months passed and finally a letter of acceptance or denial was finally received.

#### Coming of age

The closing of the 1982-83 school year brought many changes for the Seniors of GLHS. Those carefree school days were gone and the responsibilities of adulthood were there in front of us. Many things would change drastically in our lives in the years that followed. Decisions concerning our futures had to be made. Was college right for us or did we really find that special someone to settle down and start a family with? Or did we want both? We asked ourselves many questions and questioned the world around us as well. Where were we going? Did we really know? What did the future hold in store for us? Only time tells.

THERESA SCARPO: Business

#### "Underclass"

The underclass in GLHS experienced many changes throughout the year. We were all growing up in a fast paced, hectic world, feeling all the pressures of high school life. We all needed to live it up to forget the pressures of life and just have a good time.

The sophomores experienced the most drastic changes as they entered the confusion of the high school. Feeling scared and apprehensive they managed to get through that first day. They had several opportunities to experience many new things this year such as ordering class rings. The high school newspaper and yearbook were also offered to any student that wanted one.

The sophomore teachers also

had to make the adjustment of adapting to yet another school. Commuting to the Eastern Westmoreland Vocational Technical School and attending classes with students from other districts was a drastic adjustment.

The Juniors were also going through changes. They felt caught in the middle and unimportant as the Seniors demanded all the attention. They felt anticipation for the coming of their "Big Senior Year." This year held many opportunities for the Juniors to make a name for themselves. A variety of Rotary and academic awards were offered to those who wished to compete. The underclass experienced all these changes and many others too.

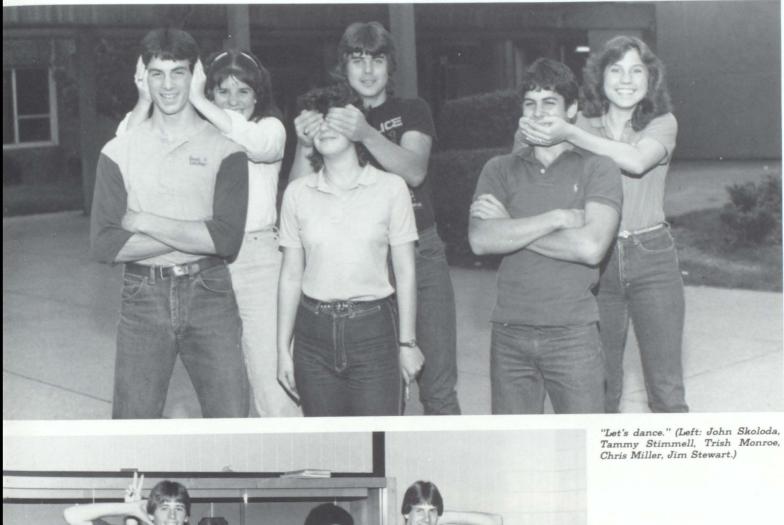

"Another day at school." (Sue

Burke)

# Keeping Up

The seniors weren't the only ones living it up in Latrobe High. The underclass students soon adapted and became as much a part of the Senior High as the Seniors. "The sophomores struggled with the new unfamiliar surroundings on the first day but soon were as familiar with the vast rooms and halls as the rest of us. They worried about getting their driver's permits and finally being in the job market also. They were subject to pranks and ridicule from the Juniors and Seniors. The sophtys were put down at Pep Rallys but down inside we were all screaming for a common cause, our Wildcat football team. Grade status was put aside in the classroom, though, and all students were taught as equals. The Juniors found theselves caught in the midst of the shy sophtys and the overbearing Seniors. Some Juniors anticipated their first class prom while others chose to wait till next year. They felt a sense of belonging among the students but anticipated the coming of their "big Senior year" The best time to Live IT Up.

#### The Silver Screen

"What's there to do Saturday night?" a lot of kids found themselves asking that question week after week. Most of the time the answer was, "a movie." The multimillion dollar movie last year was "ET". Who could resist that loveable, little creature from outer space? Most of us couldn't and we proved it by going to see "ET" two and three times. It broke records

This tender, frank love story appealed to all the romantics. Other favorites were "The Wall" by Pink Floyd, "First Blood" with Sylvester Stallone, and "Rocky III" also starring Sylvester Stallone.

# Feelin' the Pinch

Excessive layoffs in the Latrobe area put a slight damper on the students' living it up. Area steel mills, machine, and tool and die companies closed their doors to thousands of workers. Every form of employment felt the squeeze in 1982 and continued to suffer into 1983. Significant numbers of area workers were temporarily laid off, and unfortunately the tempory sometimes became permanent. This led to the scarcity of jobs available to teenagers which contributed to the budget pinch.

ably felt a squeeze while shopping for 1982-1983 school year. Fewer Gloria Vanderbilts and Calvin Kleins were bought compared to Wranglers or Levis. Few luxuries were bought to enhance our wardrobes, the necessities were costly enough. Most everyone can recall at least one occasion in the past year when they were unable to participate in a social event because they didn't have "the bucks" to get in or for gas. But we still managed to live it up. We all managed to find less expensive forms of entertaiment.

## On the Road Again

The students of GLHS used numerous forms of transportation. Riding the bus, for some kids, was a great time to do last minute cramming for tests on the way to school. We sat with friends from our neighborhoods and talked about anything and everything we could think of. Some of us scrunched down in the seat with eyes closed tight in hopes of catching a few winks before pulling up to school. Car loads of kids kept the parking lot buzzing. Students lucky enough to drive, like Senior Paul Whitehead, filled the student section of the parking lot. Even a few students rumbled in on motorcycles, like Senior Ted Wojcik. Jeeps and trucks filled the lot also.

#### Just For Fun

The students of Latrobe High were all as unique from one another as their forms of entertainment. Shopping in the evenings or eating at fast food restaurants were among the tamest of hobbies. We all attended school functions of one kinds or another, be it a dance, banquet, bonfire, swim party, or athletic competition. The ski club traveled to seven Springs and Hidden Valley to challenge the slopes while others put on skates at Latrobe Roller Garden or Reflections among other favorite rinks. Some of us got into the hard rock tunes of Van Halen or the Who at the Civic Arena. Tens of rock bands pounded out their songs to hundreds of screaming Latrobe fans throughout the year. Other students just looked forward to a Friday night date at the movies. Friday and Saturday night parties were also a great way to live it up. They could always be found if you looked and asked around Latrobe enough. All of these entertainments and numerous others not mentioned kept the kids of Latrobe Livin' It Up!

#### Snow Days

Each winter the faculty and students of GLHS either look forward to or dread a few snow days. Subzero temperatures and drifted snow sometimes prevent the busses from starting or make many area roads impassable. On extremely cold or snowy mornings we all tuned in our radios to KDKA or WHJB to hear if Latrobe was among the list of cancelled districts, before we climbed from our warm beds to get ready for school. The district is given two snow days after which the cancelled days must be made up at the end of the year.

# Popular Songs

The underclass of GLHS are fans of music, like any other teenagers across America. The results of a poll taken in September of 1982 are as follows: (most to least fave) "Jack and Diane," John Cougar;

"Who can it be now," Men at Work;

"Freebird," Lynyrd Skynyrd; "Eye of the Tiger," Survivor; "Southern Cross," Crosby, Stills and Nash;

"Hard for me to say I'm Sorry," Chicago; "Micky," Tony Basil; "Dirty Laundry," Don Hen-

ley.

## The Iron Rod

Disciplinary action is a part of every school system. Latrobe has many different ways of handling discipline. The least severe is the punishment received within a classroom. Teachers may require students to repeat assignments, write reports, stay after class or simply give the student a zero for the day when disiplining is necessary. More severe action occurs when a student is either sent or called to the office. They must face Mr. Bellissimo, assistant principal in charge of discipline. He assigns detention and suspension to the students. Detention requires a student to either come to school at 6:30 AM and stay until home-room at 7:30 AM. Students may stay after school until 3:30. Suspension is known as "The Box." This requires students to be in one room the entire day. They're not permitted to go to lunch and a teacher is supervising "The Box" at all times. Expulsion from school is the most severe form of punishment. The student is not permitted to attend school for a certain number of days.

## Coming of Age

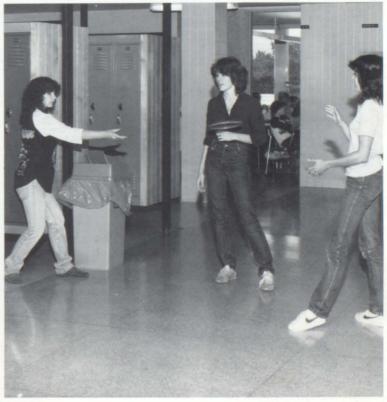

At the closing of the 1982-83 school year, the hundreds of Juniors in the Senior High become Seniors. All the responsibilities of adulthood and future decisions will then be in front of them. They feel relieved that they've almost made it to graduation and saddened for the same reason. For some former Juniors, the Senior year will be one of taking it easy and enjoying the last year of school. For other students, the Senior year will mean a lot of hard work and preparation for further education. Whichever type of student the Juniors are, they all feel anticipation at soon becoming the Senior class of 1984.

### Homeroom Decorating

Sophomores are thought to be inferior to the upperclassmen in many ways. But even the Seniors have to admit that in at least one area, the Softys have us beat. The annual Homeroom Decorating Contest was held in December of 1982 and the Sophomores came out on top. Homeroom S-211 won first prize, a pizza party for the students and teacher, Mrs. Gajewski. The theme of the homeroom was "Christmas Around the World". Many national foods and decorations along with foreign phrases filled the room. The judges this year were Mrs. Rupert, Mr. Seabol, and Mrs. Cantini. Homeroom S-211 had their pizza party compliments of the Greater Latrobe High School Student Council.

# Fashion Fads

The 82-83 school year brought about many fashion changes. It was the year of the mini-skirt. Some girls "got into it" while others wouldn't be caught dead in a mini-skirt. Prairie skirts and puffy sleeved, ruffly, blouses were also "in". High heels were "out" and the casual low heel shoes were worn by everyone. The loveable little alligator and hushpuppy were popular on sweaters, too. The ever-popular tennis shoes and T-shirts were "in" and always will be. Many girls got into wearing leg warmers over their jeans and the guys showed their style by wearing docksiders without socks. Some guys wore work boots or low heeled cowboy boots. Last, but not least, cuffed straight legs were the casual attire for anyone and everyone.

## Pep Rallies

Several pep rallies were held during the 1982-83 school year. The Sophomores came out on the losing end, like every other Sophomore class of previous years. The first pep rally was the worst of all for the Sophomores. They stared wide-eyed, not quite sure how to react to the screaming Juniors and Seniors. Upperclassmen screamed "Go back, Go back, Go back to the zoo!", in reference to the Junior High. The High School Band blared out music that seemed to rock the gym walls. Despite the calls of "Sophomores, Sophomores, don't be shy, stand up and give your battle cry!" few responded. No way did they want to scream "Victory" in front of over 1000 classmates! But don't worry, Sophomores of "83", next year you'll be "Big Juniors" and you'll have a chance to scream at the scared little Sophomores.

### Famous Latrobe

Many students aren't aware of all the things about Latrobe that make it unique from any other city in the country. For starters, we've got our own brewery. Rolling Rock Beer is known in many states as "The beer made from mountain spring water" in reference to the Laurel Mountains of Pennsylvania.

Golf Pro Arnold Palmer was raised here in Latrobe, and has brought fame to our area in his Pennzoil commercials seen all over the country.

We're also given credit for being the birthplace of professional football. Maybe that's why the four-time Super Bowl winners from Pittsburgh travel to Latrobe each year for their Summer training. The Steelers reside at St. Vincent College several weeks in the summer to prepare for the upcoming football season.

The Latrobe Airport Air Shows attract people for miles. Every two years, aeronautical professionals known the world over come to Latrobe to perform in this gala of events.

Few people are aware of the fact that a man by the name of Benjamin Latrobe designed the first Supreme Court House in United States history.

All of these things bring Latrobe fame, but most importantly, they bring us all a little pride.

#### TEACHING AIDS

Faculty members at GLHS come from a variety of backgrounds, possess a wealth of skills, and devote the biggest part of their life to the 14-19 age group. GLHS has approximately 100 teachers, seeing approximately 150 students per day for 180 days out of the year. Each teacher is skilled in his or her own particular field and supplements his or her "brain power" with materials made available to them through the Latrobe School District: Televisions, video cameras, tape recorders, film and movie projectors. Documentary and educational shows are taped and played during class time. Teachers show films or movies pertaining to their class subject matter. Computers, data machines, electric typewriters and manual typewriters are available to students pursuing business or secretarial careers. These machines are used during class time under a teacher's supervision. Experiments are performed with the help of a variety of Biology, Chemistry, and Physics supplies. The students perform dissections as well as chemical and physical experiments. Our learning experience is more meaningful and less monotonous with these types of equipment.

LAW AND ORDER

While the students of Latrobe High were busy living it up, the faculty was working for discipline among the students. In the morning, teachers pushed kids along to homeroom. They competed with slamming lockers and huddles of rowdy kids. Mrs. Cantini and Mrs. Casteel, among other teachers, patrolled the halls during classtime, stopping passing students for hall permits. Teachers periodically stopped into bathrooms to deter students from "catching a smoke" between classes. Mr. Hart did his part in the parking lot by cruising it in the morning and at dismissal time, to question driving students. Passengers also had to have permission to be in the vehicles. All of the teachers did their part in maintaining law and order in our school

## Varsity Football

The Wildcat football team posted an overall record of two wins, eight losses in a newly aligned conference. Coach Lew Hart's club played seven playoff teams. Leading the team were Captain Tom Hartman and first team All-Conference defensive tackle and third team All-State offensive end Mick Veto. The 'Cats dropped the opening game of the season to powerful Mt. Pleasant 34-0. Arch rival Derry invaded Memorial Stadium a week later and came away with a 25-6 victory. Rick Platt returned a punt for the 'Cats only score. In the first away game, Hempfield shut out the Wildcats 28-0. Conference play opened up and the 'Cats found themselves on the short end of a 13-8 score against Kiski Area. A Tom Hartman pass to Kurt Kay for a touchdown was the Wildcat's only score. Before a Homecoming crowd, the Wildcats downed Highlands 14-7 for their first win. Denny Mickinak scored twice and Gary Rotsch rushed for 119 yards. In a Saturday afternoon matchup, Fox Chapel defeated the 'Cats 14-7. The Hartman-to- Kay connection worked again for a TD and a Rick Shannon kick closed out the scoring. Despite Denny Mickinak's

100-yard rushing performance and a TD, the Plum Mustangs proved to be too much for the 'Cats in a 34-7 loss. The Wildcats next traveled to the number 23ranked team in the nation, Upper St. Clair, and were on the wrong end of a 47-21 score. A Hartman-to-Kay ten-yard pass was good for the first Wildcat score. In the fourth quarter, sophomore Dan Picciano led the team to two scores, a seven-yard strike to Jim Ashbaugh, and a two-yard pass to Kay. Senior Rick Shannon connected on all three extra points. The 'Cats scratched a 16-11 victory from Laurel Highlands. Losing 10-0, Coach Lew Hart gave a halftime pep talk and the 'Cats came out fighting. A 73-yard drive was capped by Kurt Kay's seven-yard TD run. Tom Hartman found Sophomore Rich Owens for a 13-yard score and then hit Kay for the two-point conclusion. A vicious pass rush produced a safety to close out the scoring. Kay's 131 yard rushing on 13 carries, led the 'Cats to the victory. Needing a win to make the playoffs, the 'Cats hosted Greensburg Salem in the final game of the year. However, the 'Cats lost 20-0 and their season came to an end.

## Volleyball

The Girls' Varsity Volleyball team; coached by Pat Dalton, finished it's season with a record of seven wins, three losses, placing second in the section. But they were defeated at the semifinals, losing to Ambridge and Baldwin. The team also participated in a tournament held at Deer Lakes in which they took second place. Senior Diane Musick was chosen Most Valuable Player at the tournament, and was the most consistant and outstanding spiker on the team all year. The girls also participated in the Norwin Tournament held at Norwin Senior High. The girls were undefeated throughout the quarter-finals of the WPIAL's.

# Cross Country

Coach Wayne Etling's Cross Country team ended up with a combined win/loss record of 5-7. The Boys' team was 2-6 and the Girls were 3-1. Both the Boys and the Girls' Cross Country teams were led by underclassmen. The Cross Country team competed in the WCCA Meet at Kiski Prep. The Wildcats had a fine showing. Junior Lori Planinsek and Sophomore Mary Beth Graham finished first and second respectively, while sophomore Neal Fenton finished 28 in the Boys' competition. During the year, Graham set a new course record of 19:22, breaking her old one by four seconds. All in all, a job well done was accomplished by the team.

## Girls' Tennis

The Girls' tennis team finished the '82 Fall season by collecting a 3-7 record in their section and a 4-8 mark overall. Coach Jim Rombach's team was led by Senior Caption Andrea Benedict. The 'Cats only had one returning letterman buts still proved to be tough opponents in each match. The Number One singles player was Junior Susan Ferretti. In the Number Two position was Sophomore Tracey Gilmore and the Number Three singles player was Junior Jill Paxton. In doubles play, it was Senior Andrea Benedict and Sophomore Courtney Howard as the Number One team. The second team had Junior Robim Leachman and Sophomore Stephanie Meyer as partners. The team gained a lot of valuable experience and should do well next year, too.

# Golf

The Wildcat golf team coached by Bob Baluh had a fine season. The Wildcats were 6-4 in the section and 7-5 overall. Their 6-4 record was good enough for a second place finish in the section. Senior Mark Seremet and Junior Pat Bryan played in the section qualifier, shooting 79 and 80 respectively. Those scores enabled them to participate in the W.P.I.A.L. golf championships, both finishing in the top twenty. Seremet was chosen as the Golfer of the Year. The 'Cats placed fourth in the Foothills tournament. Coach Baluh has four returning Letterman and says "Next season should be our season."

## Boys' Varsity Basketball

With four Section 1-AAA championships behind them (1979, '80, '81, '82), the 1982-83 Wildcat Basketball Team began its quest for a fifth consecutive title. This year's exhibition schedule was the toughest in the WPIAL. Added to this year's section was Kiski Area and Franklin Regional. The bulk of playing time on this year's team will be shared by Senior Tom Boney, the only returning starter, and Seniors John Hefty, Shawn Morris, and Joe Biss; Juniors Chuck Yandrick, and Doug Cargnel. Also contributing will be Sophomores Neal Fenton, and Jim Biss.

### Girls' Varsity Basketball

The 1982-83 Girls' Basketball team entered this year's season with a balanced attack and a great attitude and is expected to finish near the top in their section.

Senior scoring machine, Diane Musick, is the number two scorer in the district. She leads the team in scoring and rebounding after eight games. Senior Chris Gray is the Lady 'Cats' point guard, while Seniors Shari Arduino, Cindy Patts, and Dee Patrick are expected to contribute to the Cat's season.

# Varsity Wrestling

The Wildcat Wrestling Team is expected to be one of the finest in the area. The 'Cats' schedule is scattered with WPIAL powers such as Derry, Hempfield, Connellsville, and North Allegheny. The 'Cats will compete in five tournaments plus their 14 dual meets. In the first two tournaments, Blairsville and Keystone Oaks, Pat Quinn took a first and third while Dan Stas placed second and third respectively. Team Seniors are Pat Quinn, Brad Miller, Eric Bridge, Mike Semnisky, Rick Shannon, Rick Platt, Denny Mickinak, Randy Tantlinger, and Greg Kaylor.

### Boys' Varsity Swim Team

The 1982-83 Boys' Swim Team entered the season with a new coach and developed a very positive attitude. The boys have worked hard to improve, and their times are coming down. With their desire to excel, a few Wildcat swimmers will have a chance to qualify for the W.P.I.A.L. Championships. Although the team lost a disappointing decision to Uniontown in the first section meet, they are expected to win their remaining meets. This would make the 'Cats the runnersup in Section I for the second year in a row.

Team Seniors were Harold Balk, a returning W.P.I.A.L. Diving Qualifier; Bill Masher, Doug Parker, George Pomper, Mark Rich and Bob Smith.

### Girls' Varsity Swimming

Returning letterwomen for this year were Jennifer Lynch, Annette Riley, Beth Conway, Michele Franks, Marybeth Graham, Lynne Patterson and the only sophomore, Meghan Lynch. This year's team will be depending on these "individuals", including first-year member Amy Nowalk, more than ever before! With the new change in scoring this year, emphasis

is no longer on "team" strength and depth but on the few outstanding "individuals" a team might have. This will be a disadvantage for us because we have more depth than an other team in our section.

The Girls' Swim Team has captured the section I-AAA title for the last three seasons in a row, and their goal is to claim a fourth. The only stone in our path will be Connellsville which is the last meet of the season. The change in this year's scoring will be advantageous for them as they have about 6 very talented girls, but the rest of their squad is extremely weak! I predict that this final meet of the season could go either way and that it will be a close finish. 173

## Varsity Hockey

In only its second year of existance, the Varsity Hockey Team has made tremendous progress. After 12 games of it's 20-game season, the Wildcats were 9-2-1 and in first place in Section 2-AA.

Most impressively, the team is dominated by Underclassmen which assures the Wildcat Hockey program of continued success in the coming years. Team Seniors were Jim Robbins, Kevin DeFelice, Jim Deglau, Dan Lawson, Tom Vince, Darin Waggle, and Bill Wegley.

Bottom: Returning lettermen; Trent Porterfield, Mike Pry, Bob Martin, Mark Androstic.

We have an outstandinglooking team this year with a blend of Sophomores and Seniors. The Juniors will likewise help out.

The Coaches are expecting big things from the Seniors this season with the underclassmen helping out.

Our runners will be the key to a good season. I like what I see so far.

Looking at the overall picture this year, I feel we should be very strong in the running events with the Weight and Field teams having a good year. I just hope we can put it all together this season.

This could very well be the year of the 'Cats.

Mr. Baluh

# Girls' Varsity Track

Our team this year should be as strong as, or stronger than, previous teams. It will depend on how willing the girls are to work to continue their successes. They have a tremendous tradition and reputation to uphold as the girls on past teams have accumulated great accomplishments and an enviable winning record. They have not lost for three years and have a six-year record of 53 wins and 3 losses. Many new girls will fill the many vacancies created by graduation and 1983 has brought more new faces out for the team than any previous year. With a combination of experienced letter winners and new athletes, we should have another successful season in 1983.

Coach Lenz

# Varsity Baseball

The 1983 baseball season will highlight the return of the following lettermen: Tom Hartman, Dennis Mickinak, Mike Campbell, Scott Bell, Jim Ashbaugh, Roger Bowman.

As a result of these players, as a nucleus, we are looking forward to an extermely successful season. Mr. Chamberlain

# Student Life

Students at G.L.H.S. have very busy lives. Not only school, but some students are involved in sports, have jobs, are in band, involved in groups, or are just busy with other activities. So whatever G.L.H.S. might be involved in, we will try to show it, for students' lives nowhere near end when the 2:38 bell rings.

# **Pictures**

"what should I wear?" Should I change my hair?" "I wonder if I look okay." Every year a few weeks before Senior pictures are to be taken, hundreds of Latrobe Seniors asked themselves these questions. A sense of anticipation hovered about. July came and Seniors had to make decisions concerning their hair styles and what clothes to wear for their pictures. They were warned not to wear anything too seasonal or colors that would blend away into the background of the picture. Four weeks later when they finally received the proofs, they were either appalled or pleased with the results. The next step was to either reschedule a photo session or order their package of pictures with a deposit. Then they waited . . . and waited. Finally the Christmas season came and at last they got their pictures back. By that time, the Seniors usually didn't look the same as their pictures anyway. Then by graduation, Senior pictures made them look like "children".

# Button button . . .

One of the many new crazes this school year was buttons. Not the kind that keep your clothes on, but the kind that projected a message for everyone to see. They seemed to pop up everywhere: on jackets, shirts, hats and purses. They had many messages from names of rock groups to advertisements for favorite alcoholic beverages, namely Rolling Rock Beer. Not everyone was "into" wearing buttons to project a message, but those who did, wore them faithfully all year long.

# Changing classes

Attending classes day after day may seem monotonous by the end of the school year, but most of us will admit that we're going to miss the hustle and bustle of the halls after we graduate. Going from class to class allowed us to socialize with our friends. There was always someone to smile at and say hi, we stopped and talked to our friends then rushed through the halls to get to class before the late bell rang. We seem to take classes for granted while we're still in school, but after we're out, we tend to miss changing classes.

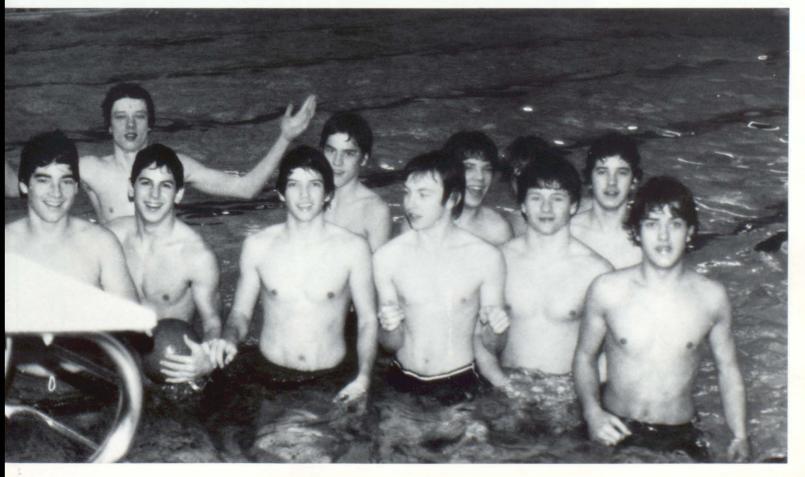

All of sudden we changed overnight. Little River Band The Rumor

# S.A.T.urday

You wake up to an alarm. Is it Monday already? It can't be! Yesterday was just Friday. No, it's Saturday alright. (Actually it's SAT day-Standardized Achievement Test Day). One of life's evils is taking an SAT test. On this morning, you're too nervous to even eat breakfast. You grab your newly sharpened number 2 lead pencils and jump into the car. You get half way down the block when you have to screech to a stop and go back for your admission slip. You try it again and finally make it to the school. You turn your registration slip in at the door and head into the designated class room. The instructions begin. You only half listen because you've heard the same type of instructions a hundred times before. . . .

"Once you've completed a section, do not go on to the next." (Are you ready?) "Turn your tests over and begin.' (Good luck!) You freeze up on the first few questions; forgetting everything you read in the instruction books the night before. (Breathe deeply.) There, now you're on a roll. The time seems to fly and before you know it, a ten-minute relax period is called. You get up, walk around, stretch, and discuss the questions with nearby friends. Then it's time to be seated and go at it again. The next time you take a rest period, it's for good. The four hours have flown by. You walk from the school blearyeyed, mentally drained, stiffnecked, carrying a dull number 2 pencil. It's finally over! All you have to do now is wait six weeks to receive your results. You hope for the best, 'cause if the scores aren't up to par, you'll have to do it all over again!!!

# Homework

The very word, 'Homework', sends shivers down our spines. Lugging books home night after night got to be a pain after a week of school. Study Halls always came in handy for getting homework done early. Doing homework was a hastle but was also a necessary part of our education.

# School Spirit

The first Spirit Assembly at G.L.H.S. was held by Mr. Hull on Friday, February 4, 1983. The intent was to prove to the student body that school pride is needed at Latrobe. Mr. Hull was inspired to hold such an assembly after Movie Night on Wednesday, November 10, 1982, when school property was vandalized. During the assembly, Mr. Tourre lead the students in a humorous cheer called "Boomda Hey!". The cheer was created to prove to the student body that our school can work and operate together as a group. The Cheerleaders also led a few cheers. Mr. Hull discussed serious matters, as well, such as peer pressure, current trends and teenage drinking. All considered, the assembly was very successful in getting the students to respond to the need for school spirit. Hopefully, assemblies of this nature will be held in future years.

# REC

For those students that enjoyed sports but wouldn't or couldn't join the High School teams for whatever reasons, joining a basketball Rec team was the next best thing. Anyone could form their own teams and compete in after school games. These events generated as much energy and enthusiasm as regular sport teams did.

# Tiny tidbits about the Class of "83"

Our class motto is: "Memories of Today, Make a Better Tomorrow."

### The 1983 Class Flag is:

Orange with a white and yellow daisy on the front, and the class motto on the back side.

Two paintings were purchased in 1982 by the Student Council. One was "A Country Road", painted by Gina Capozzi, a 1982 graduate from Latrobe High. The painting was purchased for \$75.00 from the Spring Art Show held at the High School last year. The second painting was entitled "Tinker's Dam" painted by Nell Kaley. Every year the Student Council raises money, decides upon a picture to be purchased, and donates it to the High School Art Collection. Paintings have not yet been purchased by the 1983 Student Council, but will be in the Spring of 1983.

Several Dances were held by the Student Council during the 1982-1983 school year. They were:

	Ma

The Senior class of 1983 did not have a Senior Dinner Dance. The required number of tickets weren't sold; therefore, the dance had to be cancelled.

# D.C. Trips

Greater Latrobe High School offers many unique opportunities to the students in the school. One such program is run by Mr. Chamberlain and Mr. Hull of the Social Studies Department. For the past five years, the students from the American Legal Problems and Modern Politics classes were offered the chance to travel to Washington, D.C., as an added learning experience to their legal classes. 68 students chose to participate this year. The total cost of the trip per student was 80 dollars. The student's fee paid for hotel stay, bus fare and admission to sights visited by the group. Food expenses were paid by the student, also. The students were able to pay for the trip in cash or participate in sub sales to raise the required amount. The students left on February 27 and returned March 2. Mr. Chamberlain feels that these trips have, "Given students the opportunity to see text-book learning in action."

# The Mall

After a long day at school, going for a stroll around the Westmoreland Mall is a great way to unwind. There are several reasons for going to the Mall. Few of us actually go to shop. Mostly we go for social reasons. We want to see who else is there that we know and who's there that we'd like to get to know. What ever reason we go for, The Westmoreland Mall is a favorite place to waste time.

### TRIPS

Some students have traveled to the far ends of the earth and others have never left Latrobe. Some Latrobe students have been fortunate enough to travel to Europe through their foreign language exchange system. Students visted such places as Italy, Venezuela, France, Germany, South Africa, and Spain. Any student can participate in these travels, providing that he or she has taken a foreign language in High School. The trips vary in length and activities but all students who participated agree that the trips were valuable learning experiences.

# Don't stop now.

The learning process is often very difficult. But the alternative is terribly dangerous.

Whether your future holds a college education, a business venture, or just getting out on your own, you'll be presented countless opportunities to expand your knowledge in some way. We hope you'll take advantage of every one, because learning is something that should never stop. If it does, so do you.

At Kennametal, we're always on the watch for people who want to learn more, try a different approach, embark on a bold experiment. We're hoping today's graduates take up the challenge of constant exploration, committed to helping us continue the search for better ways to do the work the world has to offer.

At a School Spirit Assembly held in early February, Mr. Hull asked the student body how many of them knew the Alma Mater. Out of 1000 kids only about 50 raised their hands, and hardly any of those students knew the second verse. This is for all those students who don't know the Alma Mater and also those that know only half of it:

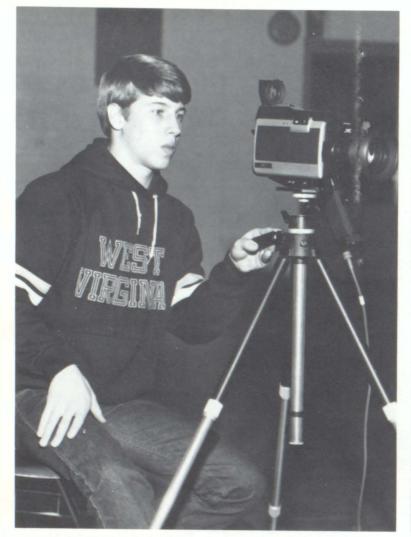

O, Dear Latrobe High School, To you we pledge to be loyal and true, And while we're at work or at play, We'll honor and love thee for aye.

Dear old Latrobe High Dear old Latrobe High Thy sons and daughters from far and from near, We'll love thee forever, Thy name we'll revere! To the skies on high Dear old Latrobe High We'll sing loud thy praises, Thy honor proclaim! Dear old Latrobe High.

When we've won in the battle of life Spite of troubles and ne'er ending strife. Our hearts will most fondly turn back To our school, and "The Orange and Black".

Connie Kepple & Nicola Elliot getting last minute instructions from Mr. Harbert. Lunch A

Much hard work goes into putting out a yearbook and even though this year's staff had fun and really "Lived it Up", we made a lot of changes, for the better. Many people helped us with this yearbook staff and we would like to thank them now:

Mrs. J. Henderson, who gave us the room to try new things with the book, despite all the late starts and headaches.

Mr. Terry Deglau and Ms. Darlene Polinsky who took last minute pictures and who put up with our three and four frantic phone calls a day.

The faculty and administration of G.L.H.S. who permitted us to interrupt classes to take pictures.

The families of our staff, for running errands and living with our deadline nerves.

Our Proof Reader, Dave, for reading and correcting everything we put in front of him.

Darla, Copy Editor, for filling ALL our white space with clever and imaginative ideas.

#### SECTION EDITORS

Jamie, Chris, and Audrey, Senior Editors, who pictured a great class, in a great way.

Connie and Barb, Underclass Editors, who actually finished their section without killing each other. Also to Barb for her unending helpful comments.

Laina and Rachel, Faculty Editors, for being the most efficient editors out of us all and having their pages done on time. Jennifer, Sports Editor, a special thanks goes to you for being a newcomer on the staff and handling a large section by yourself. (Paul would be proud)

Vinnie, Sports Writer, who researched and found all the information we needed.

Becky and Jan, Activities Editors, who pictured a lot of different groups and people in one section.

A special thanks to:

The students of G.L.H.S. who were more than willing to miss class to get their pictures taken.

Donna, Betsy, and the Advertising Staff, who raised the money we needed to do what we wanted to do with the book.

The Juniors, who did all the little things for the staff that we didn't want to do, and who can make next years' Juniors do them.

Linda Baker, Yearbook Artist, who drew up all our requests, even the really strange ones, and who came up with a great idea that added life to our book.

A very special thanks to:

Mrs. Mary Anne Rice who took time out of her schedule to advise us on our cover.

The 1983 Co-Editors Sue Samuel and Andrea Benedict

Best of luck to the 1984 staff!!!
